The notes of each issue shall be designated Series of April 1974, shall be dated as

of April 15, 1974, shall be of the denomination of $5,000, or any multiple thereof, to be designated by each bidder at the time he submits his bid, shall be registerable as to principal only, and the notes of each issue shall be numbered from 1 upwards. All of the Notes of each separate issue shall bear the same single rate of interest.

Both principal and interest are payable at the office of the City Treasurer in the City Hall of the City of Chicago, or at the office of the fiscal agent of the City of Chicago in the City and State of New York, at the option of the holder. The notes of each issue shall bear interest at a rate not exceeding six percent (6%) per annum, to be fixed by the bids, to be expressed in multiples of 1/8 or 1/20 of 1%, which interest on each issue shall be payable on October 15, 1974, on April 15, 1975 and at maturity. Each bid must be for all of the Notes aggregating the principal amount of $141,625,000 and shall offer to purchase all of said Notes at a price of not less than par and accrued interest thereon at the coupon rate from date of said Notes up to and including the date of delivery. Interest will be computed on the basis of a 360 day year.

Sealed proposals should be addressed to the Comptroller of the City of Chicago, Room 504, City Hall, Chicago, Illinois, 60602, and marked "Proposal for the Purchase of General Obligation Tax Anticipation Notes, Series of April, 1974". The Notes will be sold and awarded to the acceptable bidder offering to take all of said Notes at the lowest interest cost to the City. In computing the best bid, the interest cost to the City will be computed by determining the interest from the date of the notes to maturity thereof at the interest rate specified after deducting therefrom any premium offered. If two or more equal bids are received, and for not less than par and accrued interest, the City Council shall determine which bid shall be accepted, if any, and its determination shall be final. A certified check, or a cashier's check drawn on a solvent bank or trust company acceptable to the Comptroller, payable to the City Treasurer of the City of Chicago, in the amount of $1,416,250 shall accompany each bid as evidence of good faith, such amount to be held and applied on the purchase price of the Notes, but in the event the successful bidder shall fail to comply promptly with the terms of his bid, such check shall be forfeited to the City as agreed upon liquidated damages. Checks of the unsuccessful bidders will be returned upon the determination of the successful bidder. Bids will be opened by the City Comptroller and then referred to the Finance Committee of the City Council for its recommendations to the City Council of the City at its meeting to be held on March ....., 1974 at ..... o'clock A.M., at which time and place the bids will be publicly read and the award made to the successful bidder. The best bidder expressly agrees that this bid can be held by the City without formal acceptance for a period not to exceed 48 hours, in order that the City Council may comply with the possible request of any two aldermen that the report of the Finance Committee be deferred for final action thereon to the next regular meeting, at which time the report of the Finance Committee would be approved and the best bid formally accepted. The right to reject any and all bids and to waive any informality is expressly reserved by the City of Chicago.

The printed Notes and the unqualified approving opinion of Messrs. Chapman and Cutler, Attorneys, Chicago, Illinois, together with required closing papers including non-litigation certificate, will be furnished the purchaser at the expense of the City. The opinion of bond counsel will indicate that interest on these Notes is exempt from Federal income taxes. If desired by the successful bidder, the City will provide for the approving opinion of bond counsel to be printed on the back of the notes of each issue. Each bidder must agree to pay for the Notes in Federal Reserve Funds payable in Chicago on date of delivery of each issue.

Delivery of each issue will be made to the purchaser in the City of Chicago, Illinois, or in the City and State of New York, without cost to the purchaser, elsewhere, at the expense of the purchaser.

6. The FAA reserves the right to amend or withdraw this Offer at any time prior to its acceptance by the Sponsor.

7. This Offer shall expire and the United States shall not be obligated to pay any part of the costs of the Project unless this Offer has been accepted by the Sponsor on or before March 27, 1974, or such subsequent date as may be prescribed in writing by the FAA.

8. The Sponsor hereby agrees that it will incorporate or cause to be incorporated into any contract for construction work, or modification thereof, as defined in the regulations of the Secretary of Labor at 41 CFR Chapter 60, which is paid for in whole or in part with funds obtained from the Federal Government or borrowed on the credit of the Federal Government pursuant to a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any federal program involving such grant, contract, loan insurance, or guarantee the following Equal Opportunity clause.

During the performance of this contract, the contractor agrees as follows:

a. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination, rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

b. The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.

c. The contractor shall send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

d. The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

e. The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

f. In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be cancelled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rules, regulations, or order of the Secretary of Labor, or as otherwise provided by law.

g. The contractor will include the portion of the sentence immediately preceding paragraph a. and the provisions of paragraph a. through g. in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance. Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The Sponsor further agrees that it will be bound by the above Equal Opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the applicant so participating is a State or local government, the above Equal Opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The Sponsor agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the Equal Opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor·that it will furnish the administering agency with the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The Sponsor further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of 24 September 1965, with a contractor debarred from, or who has not demonstrated eligibility for, government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the Equal Opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part III, Subpart D, of the Executive Order. In addition, the Sponsor agrees that if it fails or refused to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the Sponsor under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from the Sponsor; or refer the case to the Department of Justice for appropriate legal proceedings.

9. The Sponsor hereby convenants and agrees that its financial records of the project, established, maintained and made available to personnel of the FAA in conformity to Section 151.55 of the Regulations of the Federal Aviation Agency (14 CFR 151) will also be available to representatives of the Comptroller General of the United States.

10. By its acceptance hereof, the Sponsor hereby covenants that to the extent it has or may have either present or future control over each area identified on the Exhibit "A" as "clear zone", and unless exceptions to or deviations from the following obligations have been granted to the Sponsor in writing by the FAA, it will clear said area or areas of any existing structure or any natural growth which constitutes an obstruction to air navigation with the standards

established by Section 77.23 as applied to Section 77.25, Part 77, of the Federal Aviation Regulations; and the Sponsor further covenants that it will control the subsequent erection of structures and control natural growth to the extent necessary to prevent the creation of obstructions within said standards.

11. The Sponsor hereby further covenants that it will not permit any permanent-type structures, other than structures required for aids to air navigation and such other structures as may be specifically excepted in writing by the FAA, to be erected on, and that it will cause any existing structures to be removed from, each area identified on the "Exhibit A" as "clear zone" or any portions thereof, concerning which the Sponsor has acquired a fee interest with federal financial assistance, irrespective of whether such structures constitute an obstruction to air navigation.

12. It is understood and agreed that the terms "Federal Aviation Agency" or "Federal Airport Act", wherever they appear in this agreement, in the Project Application, plans and specifications, or in any other document constituting a part of this agreement, shall be deemed to mean "Federal Aviation Administration" or the "Airport and Airway Development Act of 1970", as the case may be.

13. It is also understood and agreed that Paragraph 2, Part III, of the Project Application is revised to read as follows:

> The Sponsor will operate the airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the airport open to all types, kinds, and classes of aeronautical use on fair and reasonable terms without discrimination between such types, kinds, and classes; provided, that the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the airport; and provided further, that the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the airport if such action is necessary -
>
> a. For safe and efficient use of the airport,
>
> b. To keep operation activities within acceptable noise levels, or
>
> c. To serve the civil aviation needs of the public.

14. The Sponsor will send a copy of all invitations for bids, advertised or negotiated, for concessions or other businesses at the airport to the Office of Minority Business Enterprise (OMBE), Field Operations Division, Department of Commerce, Washington, D. C. 20230, or to the local affiliate designated by the OMBE. The Sponsor will disclose and make information about the contracts, contracting procedures and requirements available to OMBE or its designated affiliate and minority firms on the same basis that such information is disclosed and made available to other organizations or firms. Responses by minority firms to invitations for bids shall be treated in the same manner as all other responses to the invitations for bids.

Compliance with the preceding paragraph will be deemed to constitute compliance by the Sponsor with the requirements of 49 CFR 21 Appendix C(A)(1)(X), Regulations of the Office of the Secretary of Transportation.

15. a. The parties hereto recognize that a continuing need exists for parking space for Government owned and controlled automotive equipment used or assigned for use in serving FAA facilities and equipment on or in the vicinity of the airport. It is agreed by the parties hereto that the Sponsor will continue to provide, without charge, designated parking space as now exists in reasonable proximity to FAA operations for such automotive equipment and that no change or modifications will be made in such designation without the consent of the parties hereto or their designated representative.

b. The parties hereto further recognize the need for adequate parking space for the motor vehicles used by the FAA employees in providing them with transportation to their place of employment and assigned duty stations on the airport. It is fully understood by and between parties hereto that the Sponsor has made adequate parking space available to these employees on terms that are as favorable as those provided to the Sponsor's employees and the employees of others having duty stations on the airport. It is agreed by the parties hereto that the relationship now existing with respect to automobile parking space for FAA employees will continue and that no change will be made to alter this relationship or to either curtail or enlarge the demand for the parking facilities designated without the consent and concurrence of the parties hereto or their designated representatives.

16. The Federal Government does not now plan or contemplate the construction of any structures pursuant to Paragraph 11 of Part III - Sponsor's Assurances of the Project Application, dated April 16, 1973, and, therefore, it is understood and agreed that the Sponsor is under no obligation to furnish any such areas or rights without cost to the Federal Government under this Grant Agreement. However, nothing contained herein shall be construed as altering or changing the rights of the United States and/or the obligations of the Sponsor under prior Grant Agreements to furnish rent free space for the activities specified in such agreements.

17. The Sponsor covenants that it will not cause or permit any structure or object of natural growth to extend above the plane of the light path within the land area (presently, or hereafter owned or controlled by the Sponsor) comprising the site of any Approach Lighting System serving the aforesaid airport (an ALS site being an area extending 3200 feet outward from the approach end of the runway served and 400 feet in width located symmetrically about the projected runway centerline).

18. It is understood and agreed by and between the parties hereto that this Grant Offer is made and accepted upon the basis of preliminary plans and specifications submitted with the Project Application dated April 16, 1973, for the security fencing; and the parties hereby covenant and agree that the Sponsor shall furnish final plans and specifications to the FAA and that no construction work will be commenced nor will there be any advertisement for bids for the accomplishment of such work until said final plans and specifications have been approved by the FAA; and the parties do hereby further covenant and agree that any reference made in this Grant Offer or in the aforesaid Project Application to plans and specifications shall be considered as having reference to said final plans and specifications as so approved. It is further understood and agreed by the parties hereto that any reference herein or in the aforesaid Project Application to the specifications for the Fire/Crash/Rescue Vehicle shall mean the specifications approved by the Chicago Metropolitan Engineer, Chicago Airports District Office, Great Lakes Region, Federal Aviation Administration on November 29, 1973.

19. It is understood and agreed by and between the parties hereto that notwithstanding the fact that the preliminary plans and specifications submitted with the Project Application dated April 16, 1973, provide for the painting of existing gates, frames, posts, top rail and components, such work shall not be a part of this project and, if accomplished by the Sponsor, shall be without any participation in the costs thereof by the United States under this project; it is further understood and agreed that the Sponsor shall maintain, as a portion of the cost records covering this project, separable records of costs pertaining to the above referred items excluded from Federal participation under this project, and that said records shall be available for inspection and audit by the FAA to the end that the costs of the excluded items may be definitely determined.

20. It is understood and agreed by and between the parties hereto that the United States shall not make, nor shall it be obligated to make final grant payment hereunder until the salvage value of the existing fencing material to be removed under this project has been determined and that the total salvage value, as so determined, shall be deducted in determining the amount of said final payment.

21. It is understood and agreed by and between the parties hereto that the United States shall not make, nor shall it be obligated to make, any grant payment hereunder until an Agency and Participation Agreement relating to this project has been entered into by and between the City of Chicago and the Illinois Department of Transportation, Division of Aeronautics and such Agreement has been determined by the FAA to be consonant with the applicable statutes of the State of Illinois.

The Sponsor's acceptance of this Offer and ratification and adoption of the Project Application incorporated herein shall be evidenced by execution of this instrument by the Sponsor, as hereinafter provided, and said Offer and Acceptance shall comprise a Grant Agreement, as provided by the Airport and Airway Development Act of 1970, constituting the obligations and rights of the United States and the Sponsor with respect to the accomplishment of the Project and the operation and maintenance of the Airport. Such Grant Agreement shall become effective upon the Sponsor's acceptance of this Offer and shall remain in full force and effect throughout the useful life of the facilities developed under the Project but in any event not to exceed twenty years from the date of said acceptance.

Any breach of these covenants on the part of the Sponsor may result in the suspension or termination of, or refusal to grant Federal assistance under, FAA administered programs, or such other action which may be necessary to enforce the rights of the United States under this agreement.

2. The Sponsor will operate the Airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the Airport open to all types, kinds, and classes of aeronautical use on fair and reasonable terms without discrimination between such types, kinds, and classes. Provided; That the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airport; And Provided Further, That the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the Airport if such action is necessary for the safe operation of the Airport or necessary to serve the civil aviation needs of the public.

3. The Sponsor—

a. Will not grant or permit any exclusive right forbidden by Section 308(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1349(a)) at the Airport, or at any other airport now owned or controlled by it;

b. Agrees that, in furtherance of the policy of the FAA under this covenant, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm or corporation the exclusive right at the Airport, or at any other airport now owned or controlled by it, to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity.

c. Agrees that it will terminate any existing exclusive right to engage in the sale of gasoline or oil, or both, granted before July 17, 1962, at such an airport, at the earliest renewal, cancellation, or expiration date applicable to the agreement that established the exclusive right; and

d. Agrees that it will terminate any other exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under the Airport and Airway Development Act.

4. The Sponsor agrees that it will operate the Airport for the use and benefit of the public, on fair and reasonable terms, and without unjust discrimination. In furtherance of the covenant (but without limiting its general applicability and effect), the Sponsor specifically covenants and agrees:

a. That in its operation and the operation of all facilities on the Airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or national origin in the use of any of the facilities provided for the public on the Airport.

b. That in any agreement, contract, lease, or other arrangement under which a right or privilege at the Airport is granted to any person, firm, or corporation to conduct or engage in any aeronautical activity for furnishing services to the public at the Airport, the Sponsor will insert and enforce provisions requiring the contractor:

(1) to furnish said service on a fair, equal, and not unjustly discriminatory basis to all users thereof, and

(2) to charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; Provided, That the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. That it will not exercise or grant any right or privilege which would operate to prevent any person, firm or corporation operating aircraft on the Airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance and repair) that it may choose to perform.

d. In the event the Sponsor itself exercises any of the rights and privileges referred to in subsection b, the services involved will be provided on the same conditions as would apply to the furnishing of such services by contractors or concessionaires of the Sponsor under the provisions of such subsection b.

5. Nothing contained herein shall be construed to prohibit the granting or exercise of an exclusive right for the furnishing of nonaviation products and supplies or any service of a nonaeronautical nature or to obligate the Sponsor to furnish any particular nonaeronautical service at the Airport.

6. The Sponsor will operate and maintain in a safe and serviceable condition the Airport and all facilities thereon and connected therewith which are necessary to serve the aeronautical users of the Airport other than facilities owned or controlled by the United States, and will not permit any activity thereon which would interfere with its use for airport purposes: Provided, That nothing contained herein shall be construed to require that the Airport be operated for aeronautical uses during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance; And Provided Further, That nothing herein shall be construed as requiring the maintenance, repair, restoration or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the Sponsor. In furtherance of this covenant the Sponsor will have in effect at all times arrangements for:

a. Operating the airport's aeronautical facilities whenever required.

b. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions, and

c. Promptly notifying airmen of any condition affecting aeronautical use of the Airport.

7. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, prevent the construction, erection, alteration, or growth of any structure, tree, or other object in the approach areas of the runways of the Airport, which would constitute an obstruction to air navigation according to the criteria or standards prescribed in Section 77.23, as applied to Section 77.25, Part 77 of the Federal Aviation Regulations. In addition, the Sponsor will not erect or permit the erection of any permanent structure or facility which would interfere materially with the use, operation, or future development of the Airport, in any portion of a runway approach area in which the Sponsor has acquired, or hereafter acquires, property interests permitting it to so control the use made of the surface of the land.

8. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, take action to restrict the use of land adjacent to or in the immediate vicinity of the Airport to activities and purposes compatible with normal airport operations including landing and takeoff of aircraft.

9. The Sponsor will keep up to date at all times an airport layout plan of the Airport showing (1) the boundaries of the Airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the Sponsor for airport purposes, and proposed additions thereto; (2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities; and (3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon. Such airport layout plan and each amendment, revision, or modification thereof, shall be subject to the approval of the FAA, which approval shall be evidenced by the signature of a duly authorized representative of the FAA on the face of the airport layout plan. The Sponsor will not make or permit the making of any changes or alterations in the Airport or any of its facilities other than in conformity with the airport layout plan as so approved by the FAA, if such changes or alterations might adversely affect the safety, utility, or efficiency of the Airport.

10. All facilities of the Airport developed with Federal aid and all those usable for the landing and taking off of aircraft, will be available to the United States at all times, without charge, for use by government aircraft in common with other aircraft, except that if the use by government aircraft is substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining facilities so used, may be charged. Unless otherwise determined by the FAA, or otherwise agreed to by the Sponsor and the using agency, substantial use of an airport by government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the FAA, would unduly interfere with use of the landing area by other authorized aircraft, or during any calendar month that:

a. Five (5) or more government aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement and each takeoff as a movement) of government aircraft is 300 or more, or the gross accumulative weight of government aircraft using the Airport (the total movements of government aircraft multiplied by gross certified weights of such aircraft) is in excess of five million pounds.

11. Whenever so requested by the FAA, the Sponsor will furnish without cost to the Federal Government, for construction, operation, and maintenance of facilities for air traffic control activities, or weather reporting activities and communication activities related to air traffic control, such areas of land or water, or estate therein, or rights in buildings of the Sponsor as the FAA may consider necessary or desirable for construction at Federal expense of space or facilities for such purposes. The approximate amounts of areas and the nature of the property interests and/or rights so required will be set forth in the Grant Agreement relating to the Project. Such areas or any portion thereof will be made available as provided herein within 4 months after receipt of written request from the FAA.

12. The airport operator or owner will maintain a fee and rental structure for the facilities and services being provided the airport users which will make the Airport as self-sustaining as possible under the circumstances existing at the Airport, taking into account such factors as the volume of traffic and economy of collection.

13. The Sponsor will furnish the FAA with such annual or special airport financial and operational reports as may be reasonably requested. Such reports may be submitted on forms furnished by the FAA, or may be submitted in such manner as the Sponsor elects so long as the essential data are furnished. The Airport and all airport records and documents affecting the Airport, including deeds, leases, operation and use agreements, regulations, and other instruments, will be made available for inspection and audit by the Secretary and the Comptroller General of the United States, or their duly authorized representatives, upon reasonable request. The Sponsor will furnish to the FAA or to the General Accounting Office, upon request, a true copy of any such document.

14. All project accounts and records will be kept in accordance with a standard system of accounting if so prescribed by the Secretary.

15. If at any time it is determined by the FAA that there is any outstanding right or claim of right in or to the Airport property, other than those set forth in Part II, paragraphs 7(a), 7(b), and 7(c), the existence of which creates an undue risk of interference with the operation of the Airport or the performance of the covenants of this Part, the Sponsor will acquire, extinguish, or modify such right or claim of right in a manner acceptable to the FAA.

16. The Sponsor will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency found by the FAA to be eligible under the Act and Regulations to assume such obligations and having the power, authority, and financial resources to carry out all such obligations. If an arrangement is made for management or operation of the Airport by any agency or person other than the Sponsor or an employee of the Sponsor, the Sponsor will reserve sufficient rights and authority to insure that the Airport will be operated and maintained in accordance with the Act, the Regulations, and these covenants.

17. Unless the context otherwise requires, all terms used in these covenants which are defined in the Act and the Regulations shall have the meanings assigned to them therein.

18. The Sponsor will comply with nondiscrimination requirements in federally assisted programs of the Federal Aviation Administration as attached hereto and by reference made a part hereof.

Part IV—PROJECT AGREEMENT

If the Project or any portion thereof is approved by the FAA, and an offer of Federal aid for such approved Project is accepted by the Sponsor, it is understood and agreed that all airport development included in such Project will be accomplished in accordance with the Act and the Regulations, the plans and specifications for such development, as approved by the FAA, and the Grant Agreement with respect to the Project.

IN WITNESS WHEREOF, the Sponsor has caused this Project Application to be duly executed in its name, this 16 day of APRIL, 1973

(b) The existing development and zoning of the subject property and adjoining areas and applicable current city plans approved by the Chicago Plan Commission.

(c) The distribution of bulk, density patterns, and intensity of use to avoid undue concentration in any portion of the subject property which would adversely affect adjoining areas.

(d) Existing volumes of traffic, capacities of existing and planned streets to accommodate said traffic, effects upon existing traffic and traffic capacity which will be generated by the proposed use, and available means of ameliorating traffic congestion and related air pollution.

(e) Ingress and egress patterns affording ample access for fire department and other emergency and delivery vehicles, facilitating the safe and efficient circulation of pedestrians and vehicles and minimizing conflict with existing traffic patterns in the vicinity.

(f) Impact of the proposed development on on-street parking in the area and the availability of transportation alternatives in addition to basic internal requirements established by code or determined by special analysis.

(g) Adequate, usable and accessible open space and recreation facilities, whether open or enclosed, for the occupants of a proposed residential development.

(5) have a tenant grouping that encourages the greatest merchandising interplay among the stores.

(6) have an atmosphere for shopping in comfort, convenience and safety; such as, an enclosed, heated and air-conditioned pedestrian mall, landscaping, quality in design, and control of sign type and placement.

(l) The impact on basic environmental resources of land, air and water, including the protection of animals, birds, fish and plants.

WHEREAS, Patrolman Garrison was recognized throughout the Chicago Police Department as an exceptional policeman, exercising that professionalism and devotion to duty which serves to regenerate, support and continue the high standards of the Chicago Police Department. The annals of bravery are enhanced by the fine police work accomplished by Patrolman Garrison, who along with his partner, Patrolman Marsek followed their assailant into a bar for questioning. WHEREAS, Patrolman Marsek's untimely death at the young age of 28, serves as a tragic but drastic reminder that all who elect to serve and protect the community may be called upon at any moment to make the supreme sacrifice. Through the violent death of this young man we are again impressed with a greater appreciation of the valor and dedication of these unsung heroes—Chicago Policemen; and

2. MAINTENANCE OF PREMISES.

The Lessor shall maintain the demised premises, including the building and any and all equipment, fixtures, and appurtenances, furnished by the Lessor under this lease in good repair and tenantable condition, except in case of damage arising from the act or the negligence of the Government's agents or employees. For the purpose of so maintaining said premises and property, the Lessor may at reasonable times, and with the approval of the authorized Government representative in charge, enter and inspect the same and make any necessary repairs thereto.

3. DAMAGE BY FIRE OR OTHER CASUALTY.

If the said premises be destroyed by fire or other casualty this lease shall immediately terminate. In case of partial destruction or damage, so as to render the premises untenantable, as determined by the Government, the Government may terminate the lease by giving written notice to the Lessor within fifteen (15) days thereafter; if so terminated no rent shall accrue to the Lessor after such partial destruction or damage; and if not so terminated the rent shall be reduced proportionately by supplemental agreement hereto effective from the date of such partial destruction or damage.

4. ALTERATIONS.

The Government shall have the right during the existence of this lease to make alterations, attach fixtures and erect additions, structures or signs in or upon the premises hereby leased, which fixtures, additions or structures so placed in, upon or attached to the said premises shall be and remain the property of the Government and may be removed or otherwise disposed of by the Government.

5. CONDITION REPORT.

A joint physical survey and inspection report of the demised premises shall be made as of the effective date of this lease, reflecting the then present condition, and will be signed on behalf of the parties hereto.

6. COVENANT AGAINST CONTINGENT FEES.

The Lessor warrants that no person or selling agency has been employed or retained to solicit or secure this lease upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Lessor for the purpose of securing business. For breach or violation of this warranty the Government shall have the right to annul this lease without liability or in its discretion to deduct from the rental price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee. (Licensed real estate agents or brokers having listings on property for rent, in accordance with general business practice, and who have not obtained such licenses for the sole purpose of effecting this lease, may be considered as bona fide employees or agencies within the exception contained in this clause.)

7. OFFICIALS NOT TO BENEFIT.

No Member of or Delegate to Congress, or Resident Commissioner shall be admitted to any share or part of this lease contract, or to any benefit that may arise therefrom; but this provision shall not be construed to extend to this lease contract if made with a corporation for its general benefit.

8. ASSIGNMENT OF CLAIMS.

Pursuant to the provisions of the Assignment of Claims Act of 1940, as amended (31 U.S.C. 203, 41 U.S.C. 15), if this lease provides for payments aggregating $1,000 or more, claims for monies due or to become due the Lessor from the Government under this contract may be assigned to a bank, trust company, or other financing institution, including any Federal lending agency, and may thereafter be further assigned or reassigned to any such institution. Any such assignment or reassignment shall cover all amounts payable under this contract and not already paid, and shall not be made to more than one party, except that any such assignment or reassignment may be made to one party as agent or trustee for two or more parties participating in such financing. Notwithstanding any provisions of this contract, payments to an assignee of any monies due or to become due under this contract shall not, to the extent provided in said Act, as amended, be subject to reduction or set-off.

9. EQUAL OPPORTUNITY CLAUSE.

(The following clause is applicable unless this contract is exempt under the rules, regulations, and relevant orders of the Secretary of Labor (41 CFR, ch. 60).)

During the performance of this contract, the Contractor agrees as follows:

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to, the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Contracting Officer setting forth the provisions of this Equal Opportunity clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.

(c) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency Contracting Officer, advising the labor union or workers' representative of the Contractor's commitments under this Equal Opportunity clause, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(d) The Contractor will comply with all provisions of Executive Order No. 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(e) The Contractor will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting

agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(f) In the event of the Contractor's noncompliance with the Equal Opportunity clause of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended, in whole or in part, and the Contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(g) The Contractor will include the provisions of paragraphs (a) through (g) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: *Provided, however*, That in the event the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

10. FACILITIES NONDISCRIMINATION.

(a) As used in this section, the term "facility" means stores, shops, restaurants, cafeterias, restrooms, and any other facility of a public nature in the building in which the space covered by this lease is located.

(b) The Lessor agrees that he will not discriminate by segregation or otherwise against any person or persons because of race, color, religion, sex, or national origin in furnishing, or by refusing to furnish, to such person or persons the use of any facility, including any and all services, privileges, accommodations, and activities provided thereby. Nothing herein shall require the furnishing to the general public of the use of any facility customarily furnished by the Lessor solely to tenants, their employees, customers, patients, clients, guests and invitees.

(c) It is agreed that the Lessor's noncompliance with the provisions of this section shall constitute a material breach of this lease. In the event of such noncompliance, the Government may take appropriate action to enforce compliance, may terminate this lease, or may pursue such other remedies as may be provided by law. In the event of termination, the Lessor shall be liable for all excess costs of the Government in acquiring substitute space, including but not limited to the cost of moving to such space. Substitute space shall be obtained in as close proximity to the Lessor's building as is feasible and moving costs will be limited to the actual expenses thereof as incurred.

(d) It is further agreed that from and after the date hereof the Lessor will, at such time as any agreement is to be entered into or a concession is to be permitted to operate, include or require the inclusion of the foregoing provisions of this section in every such agreement or concession pursuant to which any person other than the Lessor operates or has the right to operate any facility. Nothing herein contained, however, shall be deemed to require the Lessor to include or require the inclusion of the foregoing provisions of this section in any existing agreement or concession arrangement or one in which the contracting party other than the Lessor has the unilateral right to renew or extend the agreement or arrangement, until the expiration of the existing agreement or arrangement and the unilateral right to renew or extend. The Lessor also agrees that it will take any and all lawful actions as expeditiously as possible, with respect to any such agreement as the contracting agency may direct, as a means of enforcing the intent of this section, including, but not limited to, termination of the agreement or concession and institution of court action.

11. EXAMINATION OF RECORDS.

(NOTE.—This provision is applicable if this lease was negotiated without advertising.)

(a) The Lessor agrees that the Comptroller General of the United States or any of his duly authorized representatives shall, until the expiration of 3 years after final payment under this lease, have access to and the right to examine any directly pertinent books, documents, papers, and records of the Lessor involving transactions related to this lease.

(b) The Lessor further agrees to include in all his subcontracts hereunder a provision to the effect that the subcontractor agrees that the Comptroller General of the United States or his representatives shall, until the expiration of 3 years after final payment under this lease with the Government, have access to and the right to examine any directly pertinent books, documents, papers, and records of such subcontractor involving transactions related to the subcontract.

12. APPLICABLE CODES AND ORDINANCES

The Lessor, as part of the rental consideration, agrees to comply with all codes and ordinances applicable to the ownership and operation of the building in which the leased space is situated and, at his own expense, to obtain all necessary permits and related items.

13. INSPECTION.

At all times after receipt of Bids, prior to or after acceptance of any Bid or during any construction, remodeling or renovation work, the premises and the building or any parts thereof, upon reasonable and proper notice, shall be accessible for inspection by the Contracting Officer, or by architects, engineers, or other technicians representing him, to determine whether the essential requirements of the solicitation or the lease requirements are met.

14. ECONOMY ACT LIMITATION.

If the rental specified in this lease exceeds $2,000 per annum, the limitation of Section 322 of the Economy Act of 1932, as amended (40 U.S.C. 278a), shall apply.

15. FAILURE IN PERFORMANCE.

In the event of failure by the Lessor to provide any service, utility, maintenance or repairs required under this lease, the Government shall have the right to secure said services, utilities, maintenance or repairs and to deduct the cost thereof from rental payments.

16. LESSOR'S SUCCESSORS.

The terms and provisions of this lease and the conditions herein shall bind the Lessor, and the Lessor's heirs, executors, administrators, successors, and assigns.

CERTIFICATION

1. CERTIFICATION OF NONSEGREGATED FACILITIES.

(Applicable to (1) contracts, (2) subcontracts, and (3) agreements with applicants who are themselves performing federally assisted construction contracts, exceeding $10,000 which are not exempt from the provisions of the Equal Opportunity clause.)

By the submission of this bid, the bidder, offeror, applicant, or subcontractor certifies that he does not maintain or provide for his employees any segregated facilities at any of his establishments, and that he does not permit his employees to perform their services at any location, under his control, where segregated facilities are maintained. He certifies further that he will not maintain or provide for his employees any segregated facilities at any of his establishments, and that he will not permit his employees to perform their services at any location, under his control, where segregated facilities are maintained. The bidder, offeror, applicant, or subcontractor agrees that a breach of this certification is a violation of the Equal Opportunity clause in this contract. As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, or national origin, because of habit, local custom, or otherwise. He further agrees that (except where he has obtained identical certifications from proposed subcontractors for specific time periods) he will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding $10,000 which are not exempt from the provisions of the Equal Opportunity clause; that he will retain such certifications in his files; and that he will forward the following notice to such proposed subcontractors (except where the proposed subcontractors have submitted identical certifications for specific time periods):

NOTICE TO PROSPECTIVE SUBCONTRACTORS OF REQUIREMENT FOR CERTIFICATIONS OF NONSEGREGATED FACILITIES

A Certification of Nonsegregated Facilities must be submitted prior to the award of a subcontract exceeding $10,000 which is not exempt from the provisions of the Equal Opportunity clause. The certification may be submitted either for each subcontract or for all subcontracts during a period (i.e., quarterly, semiannually, or annually).

This Agreement made this ..... between the City of Chicago, a municipal corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Chicago Budget Rent-A-Car, Inc., an Illinois corporation (sometimes hereinafter referred to as "Concessionaire").

WITNESSETH:

Whereas, City owns, controls and operates the Chicago-O'Hare International Airport (sometimes hereinafter referred to as "Airport"), situated in the Counties of Cook and DuPage, in the State of Illinois, and possesses the power and authority to grant certain rights and privileges with respect thereto, including those hereinafter set forth; and

Whereas, automobile rental services at the Airport are an integral part of the necessary accommodations for ground transportation provided for passengers arriving at and departing from the Airport in the promotion and development of air commerce and air transportation; and

Whereas, Concessionaire desires to make said automobile rental services available at the Airport and is qualified and has the capacity for performing said services and to equip said facilities for use in connection therewith and further desires to lease certain space, and to obtain certain rights and privileges with respect to the operation of a rent-a-car service at said Airport, upon the terms and conditions hereinafter provided;

Now, Therefore, for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to Concessionaire the rights and privileges hereinafter described; Concessionaire agrees to assume the duties, responsibilities and obligations as hereinafter set forth; and the parties hereto, for themselves, their successors and assigns, agree as follows:

Article I

Contents of Agreement—Term.

A. This Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

B. The term of this Agreement shall commence on ....., the date of approval of the authorizing ordinance by the City Council of the City of Chicago, and shall end on the 23rd day of February, 1992, unless said term shall be sooner terminated pursuant to provisions hereinafter set forth; provided, however, that on or about February 23, 1977 and at each five year interval on the term of this Agreement thereafter, City may, upon review of all the circumstances affecting the Airport and Concessionaire's operations therein, direct that the terms and conditions of compensation set forth in Article VI of this Agreement be renegotiated (except those rental commitments contained in paragraph E, subparagraphs 1., 2., and 4. of said Article VI), and upon written notice to Concessionaire of said determination, Concessionaire shall negotiate in good faith with City's representatives as to all said terms and conditions therein contained. In the event said terms and conditions are not renegotiated in good faith to the satisfaction of City within six (6) months after said notice to renegotiate has been received by Concessionaire, the contract term of this Agreement shall be terminated, to take effect twelve (12) months after said notice to renegotiate was received by Concessionaire.

Article II

Definition of Terms.

A. "Commissioner of Aviation" means the head of the Department of Aviation of the City of Chicago, having management and control of the design, operation and maintenance of all airports owned or operated by the City.

B. "Commissioner of Public Works" means the head of the Department of Public Works of the City of Chicago, having management and control of all public places and property of the City of Chicago, as more specifically set forth within the Municipal Code of Chicago.

C. "Concessionaire" means any natural person, partnership, corporation, company or other legal entity, who or which owns, controls, manages and engages in the business of automobile rental services upon the Airport pursuant to a written agreement between such Concessionaire and the City.

D. "Gross Receipts" means time and mileage charges paid or payable to Concessionaire for rental of automobiles at the Airport by Concessionaire herein, whether received by cash or by credit, regardless of when, where or through whom the order therefor is received including all revenue derived by Concessionaire of any type arising out of or in connection with Concessionaire's operation at the Airport and for exchanges whereby an automobile delivered to a customer at the Airport is exchanged for another automobile within a radius of thirty miles from said Airport. "Gross Receipts", however, shall not include any federal, state or municipal sales or other similar taxes which are separately stated and collected from customers of Concessionaire now or hereafter levied or imposed; nor sums received as insurance proceeds or otherwise for damages to automobiles or other property of Concessionaire, except as hereinafter provided, or for loss, conversion or abandonment of such automobile; nor any sums received from customers of Concessionaire separately billed as additional charges for the waiver by Concessionaire of its rights to recover damages sustained by the rented vehicle from its customers; nor any sums received from customers of Concessionaire as inter-city service fees.

Article III

Assignment or Transfer.

Except with respect to its wholly owned subsidiary or its parent corporation, Budget Rent-a-Car Corporation of America, an Illinois corporation, Concessionaire shall not assign, sublet or transfer this Agreement, nor any of the rights or privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner of Aviation after authorization for said approval shall have been obtained by action of the City Council of the City of Chicago.

Concessionaire shall give written notice of its intention to assign, sublet or transfer its rights and privileges hereunder, by registered mail, to the City Council, the Corporation Counsel and Commissioner of Aviation. Approval or disapproval of said assignment, sublease or transfer shall not be unreasonably withheld by the City Council or Commissioner of Aviation and approval shall be inferred if the City Council and Commissioner of Aviation do not act within ninety (90) days after receipt of said notice from Concessionaire.

If Concessionaire is a partnership or corporation or legal entity other than a natural person, any change in control of said entity during the term hereof shall be deemed a transfer for the purposes of this Agreement, subject to the foregoing provisions. In the event Concessionaire fails to secure express or implied approval of said assignment, sublease or transfer, as provided herein, the City may, at its option, determine and declare such change as a breach of this Agreement and take immediate possession of the demised premises and facility hereinafter described; however, said option may not be exercised unreasonably by the City nor without good and sufficient cause. It is understood and agreed by and between the City and Conces-

sionaire that nothing contained in this Agreement is intended or shall be construed as in any way creating or establishing or maintaining the relationship of agency, co-partnership or joint venturers between the parties hereto.

Article IV

Operating Rights.

The City grants to Concessionaire a non-exclusive privilege, in common with others that the City may from time to time authorize, to operate a rent-a-car business on, upon and from the Airport, and for no other purpose whatsoever; provided, however, that the City will not grant to any other individual, firm or corporation, a privilege to conduct a rent-a-car business on, upon and from the Airport under terms more favorable to such other individual, firm or corporation than those contained herein, including the minimum guaranty, percentage fee, space rental rate and performance bond requirements, or more favorable counter space locations.

Article V

Demised Premises.

The City demises and leases to Concessionaire the following premises at the Airport, together with the facilities and privileges hereinafter described subject to a continuing easement and right of entry for future installation, maintenance, repairs and replacement of such public utilities as may be necessary upon or involving the demised premises, including heating, water, gas, electrical, sewerage, drainage, fire protection, sprinkler, ventilating, refrigerating, fuel and communication systems, and such other service systems as may be involved, including but not limited to installation, maintenance, repair and replacement of tubes, pipes, lines, mains, wires, conduits and equipment on or about the demised premises; provided, however, that all such installation, maintenance, repair and replacement shall be performed so as to interfere as little as reasonably possible with Concessionaire's operation.

A. *Counter Space*

1. *Present Counter Space*—During the term of this Agreement, Concessionaire shall have the right and privilege to use approximately 248 square feet of counter space in Terminal Building 2, consisting of two counter areas on the first floor concourse thereof, and 248 square feet of counter space in Terminal Building 3, consisting of two counter areas on the first floor concourse thereof, with the exact location of said counters to be determined by the Commissioner of Aviation.

2. *Future Counter Space in Terminal Building 1*—Commencing upon the date when the first floor concourse of Terminal Building 1 has been remodeled or replaced and is ready for use by the general public, Concessionaire shall be entitled to lease up to 248 square feet of counter space therein upon the same terms and conditions and rental rate as apply to the counter spaces located in Terminal Buildings 2 and 3.

3. *Future Counter Space in New Parking Structure*—Commencing upon the date when the first floor concourse of the new parking structure to be erected in the public parking lot at the Airport is completed and ready for use by the general public, Concessionaire shall be entitled to the following options:

a. to continue to lease and occupy the counter areas in Terminal Building 1, if any, and in Terminal Buildings 2 and 3; or

c. to elect to exercise options a. and b. above together.

d. to elect at a later time, to cancel its leasehold rights and privileges within Terminal Buildings 1, 2 and 3, and/or in the new parking structure; provided, however, that if Concessionaire relinquishes counter space in Terminal Buildings 1, 2, and 3, and/or the new parking structure, Concessionaire will provide such substitute facility as may be required by and as is in consonance with technological change or changes in the operation of the rent-a-car service in said Terminal Buildings and/or parking structure. The adequacy or sufficiency of said substitute facility shall be determined by the Commissioner of Aviation; provided, further, however, that should Concessionaire wish to effect such cancellations under subparagraphs c. or d. hereinabove set forth, Concessionaire shall give no less than sixty (60) days advance written notice to the Commissioner of Aviation of its intention so to do.

4. *Relocation and Modification of Counter Space*—if at any time during the term of this Agreement, modification or expansion of said Terminal Building makes it necessary, in the sole judgment of the Commissioner of Aviation, to relocate the above-described counter areas, said Commissioner may upon ninety (90) days advance written notice to Concessionaire, direct Concessionaire to relocate or rebuild such counter areas as substitute Terminal Building locations of comparable sizes as allocated by the Commissioner of Aviation, at the sole cost and expense of City and the same must be constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works. If, at any time during the term of this Agreement, Concessionaire desires to relocate, improve or modify existing counter facilities that it presently occupies in Terminal Buildings 2 and 3, or, if Concessionaire shall seek to install a counter or other

improvements in Terminal Building 1, such improvements or modifications shall be at the sole cost and expense of Concessionaire and must be located and constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works.

B. *Outer Area Automobile Service Facility*—Concessionaire shall have the right and privilege to construct and maintain an Outer Area Automobile Service Facility consisting of the areas set forth in the following subparagraphs and as shown on Exhibit A attached hereto and by this reference made a part hereof.

1. *Temporary Automobile Service Area A*—Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 52,027.40 square feet as described more particularly on Exhibit A-2 attached hereto and made a part hereof. Anything herein to the contrary notwithstanding, it is understood and agreed that Concessionaire shall vacate said Temporary Service Area A within ten (10) days following the issuance of a Certificate of Completion by the Commissioner of Public Works authorizing the use of the permanent service building and improvements to be erected and installed by Concessionaire within Permanent Service Area B for which provision is hereinafter made, and rental with respect to Temporary Service Area A shall thereupon terminate.

2. *Permanent Service Area B*—Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 203,250 square feet as described more particularly on Exhibit A-3 attached hereto and made a part hereof.

3. *Buildings, Structures and Improvements*—Concessionaire shall at its own cost and expense erect and install within said Service Area B buildings, structures and improvements for its use in maintenance, servicing, parking and storage of its vehicles and said structures and improvements shall include, but are not limited to, fencing, lighting, paving, underground fuel tanks and gas pumps; provided, however, that no construction or improvement shall be commenced until plans and specifications for construction have been approved by the Commissioner of Aviation and the Commissioner of Public Works. Concessionaire shall promptly secure all necessary permits and licenses therefor as required by the Municipal Code of Chicago at its own cost and expense. Plans and specifications for said buildings, structures and improvements shall be submitted by Concessionaire to said Commissioners within four (4) months after the effective date of this Agreement, and construction shall commence within sixty (60) days following said approval and the issuance of all necessary permits and licenses with a completion date thereof to be no later than thirteen (13) months after construction begins; provided, however, that if construction is delayed at any time in the progress of the work by an Act of God, or by strikes, lockouts, fire, unusual delays in transportation or by circumstances caused by a National Emergency, or by war, or other circumstances beyond the control of Concessionaire then the time for completion shall be extended for such reasonable period as the Commissioner of Public Works may determine. No such extension shall be made for delay in the absence of written notice by Concessionaire to the Commissioner of Public Works within thirty (30) days after the cause of said delay has occurred.

Concessionaire covenants and agrees to spend a minimum of Seven Hundred Fifty Thousand Dollars ($750,000.00) in the construction of said buildings, structures and improvements, including architects' and engineers' fees, costs of plans and specifications and other costs incidental to said construction and installation.

4. *Regulation of Construction*—During the period of construction of any building, structure or other improvements, all construction work, workmanship, materials and installation involved or incidental thereto shall be subject at all times to inspection by the City. Concessionaire shall give or cause to be given to the Commissioner of Aviation and the Commissioner of Public Works advance notice in writing before any new work is commenced and shall provide and shall cause its contractors and subcontractors to provide reasonable and necessary facilities for inspection. Concessionaire shall pay reasonable costs for review of plans and specifications, for inspections, and for other related engineering services performed by the City, upon being billed therefor by the City. Concessionaire shall cause all construction work, workmanship, materials and installation to be in full compliance with its plans and specifications and with applicable provisions of the Municipal Code of Chicago.

5. *Title to Fixed Improvements*—Title to all fixed improvements erected or installed by Concessionaire in or upon the demised premises shall vest in the City upon completion of building, structure and other improvement constructions, including all buildings and other structures erected upon the premises, all fencing, all grading and surfacing with stone and hardtop, all underground and overhead wires, cables, pipes, conduits, tanks and drains, and all property of every kind and nature; provided, however, that trade fixtures which are attached to any building or structure or to the premises and which may be removed without material damage to the property, building or structure to which they may be attached may be removed. Trade fixtures shall include, but are not necessarily limited to, signs, electrical or otherwise, used to advertise Concessionaire's business in and about the demised premises; machinery and equipment used in connection with the servicing of its vehicles in or about the demised premises

and such lifts, hoists, compressors or other mechanical devices used to service vehicles which are not imbedded or permanently annexed to the realty, structure or building; and such other miscellaneous equipment as is not imbedded or permanently annexed to the realty, structure or building. Concessionaire may install, maintain, operate, repair and replace such trade fixtures and other personal property useful from time to time in connection with its operations in the Airport, which shall be and remain the property of Concessionaire and which may be removed by it prior to or within a reasonable time after the expiration or termination of this Agreement; provided, further, however, that Concessionaire shall repair any damage to the premises caused by such removal.

6. *Removal of Permanent Service Area B*—In the event that Service Area B herein demised is required for Airport development and expansion purposes other than rental to another Airport tenant prior to the expiration of this Agreement, the Commissioner of Aviation upon one hundred eighty (180) days advance written notice may direct the Concessionaire to vacate Service Area B. In such case, the City will pay to Concessionaire within ninety (90) days after Concessionaire's removal therefrom the unamortized portion of the cost of the fixed improvements constructed and installed within said Service Area B, as described in Article V, Section B., 3. , including architects' and engineers' fees, cost of plans and specifications and other costs incidental to such construction and installation; provided, that said amortization shall be computed upon a straight-line basis without interest covering the period from the completion date of said improvements to the expiration date of this lease; provided, further, that the Commissioner of Aviation will offer to the Concessionaire a suitable substitute site at the same unit rate if, and to the extent that, the Commissioner of Aviation in his sole judgment determines such area to be available.

7. *Cost of Fixed Improvements*—Concessionaire shall furnish to the Commissioner of Public Works an itemized statement, certified by an authorized officer of the Concessionaire, showing the total cost of the fixed improvements, as described in Article V, Section B., 3. , installed and established upon and in Service Area B , including architects' and engineers' fees, cost of plans and specifications and other costs incidental to said construction and installation, within sixty (60) days after the completion of the construction thereof, and shall, if requested by the Commissioner of Public Works, produce copies of all invoices and other records in connection therewith. The Commissioner of Public Works shall review the material and notify the Concessionaire in writing within sixty (60) days after its receipt whether said itemized statement and supporting invoices or other records meet with his approval, or not, and, in the latter event, in what respect it is deficient; provided, however, that said statement shall constitute prima facie evidence of the cost shown therein unless disputed in writing by the City within sixty (60) days following receipt thereof. Upon approval by the Commissioner of Public Works, said costs shall constitute the basis for the amortization contemplated in Article XVII, Section H; provided, however, that said statement shall be deemed approved in the event the Commissioner of Public Works shall not so notify Concessionaire within such sixty (60) day period. The books and records of the Concessionaire shall be subject to examination and audit by the Commissioner of Public Works to verify such costs.

8. *Expansion Area*—It is understood and agreed by and between the parties that if at any time during the term of this Agreement Concessionaire is desirous of expanding the permanent service area described and set forth on Exhibit A-3 attached hereto and made a part hereof, and provided that suitable land for this purpose is at that time available, the Commissioner of Aviation shall designate the exact location and size of such an expansion area. This Agreement shall then be amended to include said expansion area within the demised premises hereunder, upon the same terms and conditions herein set forth.

Article VI

Concession Fees - Minimum Guarantee - and Rental Commitment.

Concessionaire agrees to pay the City for the privileges and authority hereinabove described and set forth under the terms and conditions contained in this Article.

A. *Concession Fees and Minimum Guarantee*—Concessionaire agrees to compensate the City for the privileges and authority to operate its rent-a-car business on, upon and from the Airport in an amount equal to either (1) ten percent (10%) of Concessionaire's gross receipts as defined in Article II, Section D of this Agreement, or (2) an annual minimum guarantee as hereinafter set forth in this Article VI, Section A, whichever amount is greater, for each contract year. The contract year of this Agreement shall commence on the first day of the month following the execution of this Agreement and shall end on the last day of the month of May in each year. The first contract year shall commence on the 1st day of June, 1974. The minimum guarantee for said first contract year shall be One Hundred Eighty-five Thousand and no/100 Dollars ($185,000.00).

B. *Adjustment of Concession Fee*—If after May 31, 1977 and upon each five-year anniversary thereafter, the effective percentage of gross receipts paid by the Airport rent-a-car concessionaires as a concession fee at the ten (10) United States Airports with the greatest number of passengers carried by scheduled air carriers averages more that the average concession fee at the said airports on the date of execution of this Agreement, then the percentage fee of this Agreement may be adjusted upward at the discretion of

the Commissioner of Aviation to a percentage which bears the same ratio to the ten percent (10%) percentage fee provided herein as such increased average concession fee bears to the average concession fee prevailing on the date of execution of this Agreement.

C. *Adjustment of Minimum Guarantee*—The minimum guarantee for the second and each subsequent contract year shall be adjusted in direct proportion to the percentage increase or decrease, as the case may be, in the aggregate amount of fees paid to the City by all Airport rent-a-car concessionaires on account of the Airport rentals made during the immediate preceding contract year, compared with such aggregate fees paid on account of Airport rentals made during the twelve (12) month period prior to such preceding contract year; provided, however, that in no event shall the minimum guarantee for any contract year be less than One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00). The annual minimum guarantee for any contract year shall be prorated when this Agreement is not in effect during the full year because of the commencement or termination of this Agreement during such year, or because of the application of Articles I, III, VII or VIII hereof.

D. *Date of Payments of Concession Fees or Minimum Guarantee*—Payments of amounts due from Concessionaire of concession fees or minimum guarantee under this Article VI shall be on a monthly basis and shall be paid on or before the 20th day of the month succeeding each and every calendar month of the term or portion hereof, for its operation of the preceding month. Said monthly payments are to be in those amounts which (a) will bring to the City total payments for that part of the contract year ending with the last day of the month for which payment is being made of either ten percent (10%) of gross receipts for the contract year to such date, or (b) The proportionate part of the annual guarantee which is allocable to the part of the year which has elapsed by such date, whichever amount is higher. Each monthly payment shall be accompanied by a report to the City, in duplicate, showing Concessionaire's gross receipts for said month and cumulative gross receipts for the contract year to and including said month. All payments and reports of receipts hereunder shall be made to the Office of the Comptroller of the City of Chicago, with a copy of each report to be sent to the Commissioner of Aviation.

E. *Rental Commitment*—Concessionaire agrees to compensate the City for the premises demised herein certain rent payable in advance, in monthly installments, on the first day of each month or a portion thereof, during the term of this Agreement, as follows:

1. As rental for counter space hereinabove described in Article V, Section A, Concessionaire shall pay to the City the sum of Two Hundred Sixty-eight Dollars and Sixty-seven cents ($268.67) per month, predicated on an annual rental rate of Six Dollars and Fifty cents ($6.50) per square foot, which amount shall be in addition to all other sums provided in this Agreement.

2. As rental for Temporary Service Area A hereinabove described in Article V, Section B., 1., Concessionaire shall pay to the City the sum of Four Hundred Thirty-three Dollars and Fifty-six cents ($433.56) per month, predicated on an annual rental rate of Ten Cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement.

3. As rental for Service Area B hereinabove described in Article V, Section B., 2., Concessionaire shall pay to City the sum of One Thousand Six Hundred Ninety-three Dollars and 75 cents ($1,693.75) per month, predicated on an annual rental rate of Ten cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement; provided, however, that the rental commitment set forth in this Section B., 4., shall commence on the date upon which a Certificate of Completion has been issued authorizing the use of the service building and other improvements erected or installed by Concessionaire upon Service Area B, or on that date which is thirteen (13) months (plus any authorized extensions) after the commencement of construction, whichever date shall first occur.

4. As a further charge for the use of Permanent Service Area B hereinabove described in Article V, Section B., 2., Concessionaire shall pay to the City a lump sum sufficient to reimburse the City for the cost of improvements already made to the area. This sum is to be determined by an audit made of the unamortized construction costs, which audit is to be on file with the Department of Aviation.

5. All rental payments hereunder shall be made to the City at the Office of the Comptroller of the City of Chicago.

F. *Books, Records and Audits*—Concessionaire shall maintain at its office at No. 742 Higgins Road, Park Ridge, Illinois, 60068, its books, ledgers, journals, accounts or records wherein are kept all entries reflecting its operations at the Airport under this Agreement. Such books, ledgers, journals, accounts or records (or copies thereof as the case may be) shall be available for inspection and examination by the Commissioner of Aviation or the Comptroller of the City of Chicago, or their duly authorized representatives, at all reasonable times during business hours and upon reasonable notice, and to make copies and excerpts therefrom as may be necessary to make a full, proper and complete audit of all business transacted by Concessionaire in connection with its operation hereunder. At the expiration of each year of the term of this Agreement, Concessionaire shall furnish to the City a statement prepared by a Certified Public Accountant, and attested to by an officer of the Concessionaire, covering all business transacted by Concessionaire in connection with its operation hereunder and showing the gross revenue derived by Concessionaire from the operation of its business hereunder. Concessionaire shall, upon reasonable request, fur-

nish such other and further financial or statistical reports, dealing with its business hereunder, as the City may, from time to time require.

Article VII

Conduct of Operations.

A. *Schedule of Rates*—Prior to furnishing any rent-a-car services to the public under this Agreement, Concessionaire shall prepare and submit to the Commissioner of Aviation for written approval all schedules of rates for said services and discounts and rebates therefrom, which schedules shall be comparable with prices and charges prevailing in the City of Chicago. Any changes thereafter made in an approved schedule shall be similarly submitted to the Commissioner of Aviation for prior written approval. All such schedules shall be made available to the public by Concessionaire, to which schedules Concessionaire agrees to adhere. If Concessionaire applies any rate in excess of the approved rates or extends a discount less than the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an over-charge which will, upon demand of the Commissioner of Aviation or Concessionaire's customer, be promptly refunded to said customer. If Concessionaire applies any rate which is less than the approved rate or extends a discount which is in excess of the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an undercharge and an amount equivalent thereto shall be included in gross receipts hereunder and the percentage fee shall be payable in respect thereto.

B. *Operation of Concessionaire's Business* — Concessionaire, its employees, invitees, and those doing business with it, shall conduct its operations and business within the Airport in an orderly and proper manner and so as not to annoy, disturb or be offensive to others at the Airport or the Terminal Building or other buildings in which it may be located. Solicitation of business shall be conducted only from the counter space demised in this Agreement and by means of signs only as may be authorized by the Commissioner of Aviation, and in no other manner whatsoever. No signs, posters or other similar devices shall be erected, displayed or maintained by Concessionaire within view of the general public without the advance written approval of the Commissioner of Aviation and any such signs, posters or other similar devices not approved by him may be removed at the expense of the Concessionaire. The City shall have the right of complaint to Concessionaire as to the demeanor, conduct or appearance of Concessionaire's employees, invitees and those doing business with it, whereupon Concessionaire hereby agrees to take all steps necessary to remove the cause of complaint. Concessionaire shall conduct its operations within the Airport in such manner as shall reduce to a minimum the emanation of noise, vibration, dust, fumes and odors, so as not to interfere with the use of adjacent areas on the Airport.

C. *Quality and Standard of Service*—Concessionaire hereby covenants and agrees:

1. To furnish good, prompt and efficient service, adequate to meet all reasonable demands for automobile rental service at the Airport, at a fair and reasonable basis.
2. To make rental automobiles available of a current model year (not more than twenty-four (24) months old), which shall be maintained at Concessionaire's sole expense in good operative order, free from mechanical defects, and in clean, neat and attractive condition, both inside and outside.
3. To keep open the facilities demised to it hereunder for such periods during each day and on such days during each week as may be necessary to meet reasonable demands for said services and to properly and adequately serve the public, as determined by the Commissioner of Aviation.
4. To require all personnel rendering service for Concessionaire at the Airport to be neatly and cleanly dressed at all times and to prevent said personnel from conducting business in a loud, noisy, boisterous, offensive or objectionable manner.
5. To abide by and be subject to all reasonable rules and regulations which are now or which may be promulgated by the Commissioner of Aviation concerning the management, operation or use of the Airport.
6. To meet all expenses in connection with the use of the premises demised hereto and the rights and privileges herein granted, including but not limited to the payment of taxes, permit fees, license fees and assessments lawfully levied or assessed upon the premises or improvements at any time situated thereon.
7. To furnish, install, operate and maintain the installations provided hereunder and to keep the same, as well as the premises made available to it, and all furniture, fixtures and equipment installed therein and thereon, in good order, condition and repair, and upon termination of this Agreement, to deliver up said premises to the City in good order, condition and repair, reasonable wear and tear and damage by fire or other casualty excepted.
8. To respond in writing to complaints registered by the Commissioner of Aviation or Superintendent of Police with respect to violations of traffic regulations committed in the course of Concessionaire's business by Concessionaire's agents, employees, invitees and licensees, setting forth such action as has been taken or is immediately contemplated to remedy said violations.

D. *Solicitation of Business by Others*—Upon receipt of written request from Concessionaire, the Commissioner of Aviation agrees to take such appropriate action within his authority to protect the rights and privileges demised and granted to Concessionaire under this Agreement. The Commissioner of Aviation will not authorize or permit the transaction of any car rental business on the Airport

premises by persons or organizations other than Airport rent-a-car concessionaires, said business including, but not limited to, advertising displays, solicitation of customers, paging of customers by use of the Airport public address systems or direct telephone lines to premises located off Airport property.

Article VIII

Inspection of Demised Premises.

The City shall have the right at all reasonable times, and as often as it deems necessary, to inspect the demised premises and (without any obligation so to do) to enter thereon and to direct Concessionaire to make such repairs as may be necessary and, in the event of emergency, to take such action therein as may be required for the protection of persons or property.

Article IX

Removal of Property.

Upon termination of this Agreement by lapse of time, or otherwise, Concessionaire shall promptly remove from the demised premises, upon demand in writing of the City so to do, all of its display signs, counters, and other equipment and trade fixtures, and shall promptly repair any damage to the premises caused thereby, clean up remaining debris and lease said premises in a safe, sanitary, and sightly condition. Concessionaire's failure to remove such personal property or trade fixtures shall not constitute Concessionaire a hold-over, except that all such property not removed within thirty (30) days after Concessionaire has received a written demand for such removal shall be deemed abandoned and such personal property or trade fixtures shall thereupon become the sole and exclusive property of the City.

Article X

Liability of City.

The City shall not be liable to Concessionaire for any injury to, or death of any person, or for any damage to any property by the City or any of its officers, agents or employees in the operation and maintenance of said Airport or for navigating any aircraft over said Airport, whether such injury, death or damage is due to negligence or otherwise, and all claims for any such injury, death or damage against the City are hereby expressly waived by Concessionaire.

Article XI

Indemnification.

Concessionaire agrees, at its own expense, to defend, indemnify, save and hold harmless City, its officers, employees and agents, from and against all liability or loss for injuries to or deaths of persons or damage to property caused by any act or omission to act of, or use or occupancy of the leased premises by Concessionaire, its sublessees, licensees, invitees, or any other person authorized by Concessionaire to use the leased premises or any portion thereof, or as a result of any of their or Concessionaire's operations or other activities at the Airport, regardless of whether said operations or other activities are on or off the leased premises. Each party hereto shall give to the other prompt and timely notice of any claim made or suit instituted coming to the knowledge of their respective officers, management personnel or department heads which in any way reasonably appears to affect or which might affect either party hereto, and both shall have the right to participate in the defense of the same to the extent of its own interest. In the event City shall elect to so defend, such defense shall not be deemed a waiver by City of any of its rights against Concessionaire under the foregoing indemnification provisions.

Article XII

Insurance.

Concessionaire shall obtain and maintain continuously in effect at all times during the term hereof, at Concessionaire's sole expense, general liability insurance approved by the Comptroller of the City of Chicago protecting City against liability by reason of Concessionaire's wrongful conduct or failure to act incident to the use of the premises or resulting from any accidents occurring on or about the roads, driveways or other public places used by Concessionaire at the Airport in the operations and activities of Concessionaire, its sublessees, licensees, invitees, or others authorized by Concessionaire to act hereunder, caused or arising out of any of their wrongful acts or omissions. Such insurance shall name City as an additional assured. Concessionaire shall also, without cost to City obtain and maintain during the term hereof automobile liability insurance in accordance with the terms and conditions of Concessionaire's automobile rental agreement, covering the operation of rental automobiles hereunder. All such general liability insurance and automobile liability insurance shall provide liability limits of not less than One Hundred Thousand Dollars ($100,000.00) for personal injury to or death of any one person in any one accident, Three Hundred Thousand Dollars ($300,000.00) for personal injury to or death of two or more persons in any one accident, and Twenty-five Thousand Dollars ($25,000.00) for damage to property in any one accident. Concessionaire shall file with the Comptroller of the City of Chicago certificates evidencing all such insurance. City agrees to notify Concessionaire in writing as soon as practicable of any claim, demand or action arising out of an occurrence covered hereunder of which City has knowledge, and to cooperate with Concessionaire in the investigation and defense thereof.

Article XIII

Parking of Vehicles.

Concessionaire, its employees, invitees and those doing business with it, shall have no right under this Agreement to park vehicles upon the Airport premises other than in places assigned or demised to Concessionaire pursuant to this Agreement, except in the Airport Terminal Area Public Parking Lot and upon payment of regular charges therefor or any duly designated employee parking lot.

Article XIV

Application of Other Agreements.

This Agreement is subject to the provisions of Article XI, Paragraph 4 of that certain Agreement entitled "Airport Use Agreement" and to Article VI, Section 6.04 of that certain Agreement entitled "Lease of Terminal Facilities" and to such other provisions of said related agreements as may be pertinent and as entered into between the City and the scheduled airlines governing the use and operation of the Airport.

Article XV

Concessionaire's Performance Bond.

A. *Construction Performance Bond* — Before commencing any construction authorized under this Agreement, Concessionaire shall deliver to the City at the Office of the Comp-

troller of the City of Chicago a Performance Bond approved by said Comptroller and the Corporation Counsel substantially similar in form to "Contractor's Performance Bond" Form P.W.O. 62, a specimen copy of which is bound herein. Said Performance Bond shall be in an amount equal to the cost of construction herein authorized.

B. *Minimum Guarantee Performance Bond* — Concessionaire shall deliver to the City and City shall hold during the term of this Agreement an approved Government Bond payable to bearer or the City of Chicago or, in lieu thereof, a Performance Bond approved by the Comptroller of the City of Chicago and the Corporation Counsel in an amount equal to its annual minimum guarantee as herein set forth, but said bond shall not be required to exceed Two Hundred Thousand Dollars ($200,000.00) per annum. Any interest on any bond shall accrue and be paid to Concessionaire.

Article XVI

Equal Opportunity.

Concessionaire, in performing under this agreement, shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, religion, age, sex or national origin, nor otherwise commit an unfair employment practice.

Concessionaire will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, religion, age, sex or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.

Concessionaire agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this non-discrimination clause. Concessionaire further agrees that this clause will be incorporated in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this agreement.

Attention is called to Executive Order 11246 issued September 24, 1965, 3 CFR, 1964-65 Compilation, p. 339, as modified by Executive Order 11375 issued October 13, 1967, 3 CFR, 1967 Compilation, p. 320; The Civil Rights Act of 1964, Pub. To demonstrate compliance the Concessionaire and his contractors and subcontractors will furnish such reports and information as requested by the Chicago Commission on Human Relations.

Article XVII

Termination of Agreement.

A. *Termination by City or Concessionaire* — This Agreement may be terminated in its entirety by the City or by Concessionaire by giving to either of said parties sixty (60) days advance written notice if either party, or both parties, shall have defaulted in the performance of any material promise, covenant or agreement required to be performed by either party, or both, and the failure of either party, or both, to remedy such default or to take prompt action to remedy such default within a period of sixty (60) days after receipt of written notice from the complaining party to remedy said default.

B. *Termination by City*—The City shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

1. The filing by Concessionaire of any voluntary petition in bankruptcy, or a petition seeking to reorganize, or the readjustment of its indebtedness under the Federal Bankruptcy laws or under any similar State laws, or if Concessionaire shall make a general assignment for the benefit of creditors.

2. The filing of an involuntary petition in bankruptcy against Concessionaire in which the appointment of a receiver, trustee or liquidator of the property of the Concessionaire is ordered by a court of competent jurisdiction, and such appointment is not vacated within thirty (30) days.

3. The abandonment or discontinuance of operation by Concessionaire of the automobile rental service at the Airport for a period of sixty (60) consecutive days, or if Concessionaire shall abandon the premises demised to it in the Airport for a period of sixty (60) consecutive days.

4. The failure of Concessionaire to pay the concession fees or proportionate minimum guarantee fees, or rent charges or other money payments required by this Agreement, and such failure shall not be remedied within thirty (30) days following receipt by Concessionaire of written demand from the City so to do.

C. *Waiver of Default*—No waiver of default of any of the promises, covenants or agreement to be performed, kept and observed by the parties under this Agreement shall be construed or act as a waiver of any subsequent default of any such promise, covenant or agreement.

D. *Termination by Concessionaire*—Concessionaire shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

1. The issuance by any court of competent jurisdiction of an injunction, order or decree preventing or restraining or limiting in any substantial way the operation by Concessionaire of its automobile rental business at the Airport, or the use by Concessionaire of all or any substantial part of the demised premises, or preventing or restraining the use of the

Airport or Airport facilities to such an extent as to interfere materially with Concessionaire's operations at the Airport which injunction, order or decree has remained in full force and effect for a period of ninety (90) consecutive days.

2. The total or extensive destruction of fixed improvements placed upon the demised premises making it impractical or uneconomical to restore same to their previous condition. In any such case, the proceeds of insurance, if any, payable by reason of such loss shall be apportioned equitably between the City and Concessionaire, with the Concessionaire first receiving the unamortized balance of its costs for said fixed improvements. If the damage shall result from an insurable cause and shall be of such an extent that said fixed improvements can be restored to an acceptable condition within a reasonable time, the Concessionaire shall restore the same with reasonable promptness and shall be entitled to receive and apply the entire proceeds of any insurance covering said loss to said restoration, in which event this Agreement shall not be cancelled but shall continue in full force and effect, and in such case any excess of insurance proceeds over and above the cost of complete restoration thereof shall belong to Concessionaire.

E. *Curtailment of Airport and Motor Vehicle Use*—In the event all or a material portion of the Airport or Airport facilities shall be destroyed; or in the event that any agency or instrumentality of the United States Government or any State or Local Government shall occupy the Airport or a substantial portion thereof; or in the event of military mobilization, insurrection, labor disputes, massive civil disorders or public emergency wherein there shall be a curtailment of normal airline traffic at the Airport or the use of motor vehicles or airplanes by the general public, either by reason of executive decree or legislative action; or in the event there is a limitation of the supply of automobiles or automotive fuel, supplies or parts for general public use; and if the above and foregoing events shall result in material interference with Concessionaire's normal business operations or in a substantial diminution of Concessionaire's gross revenue from its automobile rental concession at the Airport, which shall continue for a period in excess of thirty (30) days, then, upon sixty (60) days advance written notice to the City, Concessionaire shall have the right to terminate this Agreement.

F. *Diminution of Airline Passenger Traffic*—If, during any year of this Agreement, the scheduled airline passenger traffic enplaning at the Airport falls below thirty percent (30%) of the scheduled airline passengers enplaning at Airports serving the Greater Chicago Area for a period of any six (6) consecutive months as compared to the immediately preceding six (6) consecutive months, Concessionaire shall have the right to terminate this Agreement by giving the City six (6) months advance written notice. For the purpose of this Article XVII, Section F only, the Greater Chicago Area shall mean that area having a radius of thirty-five (35) miles from the intersection of State and Madison Streets in the City of Chicago.

Execution of Consent Authorized to Sublease Agreement with Trans World Airlines, Inc. and Burlington Northern Air Freight, Inc. for Dock Space at Chicago-O'Hare International Airport.

The Committee on Finance submitted a report recommending that the City Council pass a proposed ordinance transmitted therewith, to authorize the execution of a consent to sublease agreement with Trans World Airlines, Inc. and Burlington Northern Air Freight, Inc. for Dock space at Chicago-O'Hare International Airport.

On motion of Alderman Keane the said proposed ordinance was *Passed,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Evans, Despres, Sawyer, Cousins, Vrdolyak, Bilandic, Kwak, Madrzyk, Burke, Lawlor, Shannon, Hines, Fitzpatrick, Kelley, Stewart, Stemberk, Rhodes, Marzullo, Zydlo, Ray, Washington, Cross, Keane, Sande, Laskowski, Aiello, Cullerton, Laurino, Pucinski, Natarus, Simpson, Fifielski, Cohen, Hoellen, Hedlund, Wigoda, Stone—40.

Nays—None.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Commissioner of Aviation and the City Comptroller, subject to the approval of the Corporation Counsel as to form and legality, are authorized to execute a Consent to the attached sublease agreement between Trans World Airlines, Inc., and Burlington Northern Air Freight, Inc., for the sublease of certain premises at Chicago-O'Hare International Airport.

This Sublease Agreement made as of the 1st day of October, 1973, by and between Trans World Airlines, Inc., a corporation organized and existing under the laws of the State of Delaware (hereinafter called "TWA"), and Burlington Northern Air Freight Inc., a corporation organized and existing under laws of the State of Delaware (hereinafter called "Burlington"):

WITNESSETH:

Whereas, TWA leases certain premises, including improvements thereon, at Chicago-O'Hare International Airport (hereinafter called "ORD") under an agreement dated as of March 27, 1964, as amended, with the City of Chicago (hereinafter called "Main Lease"); and

Whereas, Burlington desires to sublease from TWA and TWA is willing to sublease to Burlington a portion of said premises subject to the terms and conditions of this Sublease Agreement:

Now, Therefore, for and in consideration of the provisions and mutual covenants herein contained, Burlington and TWA hereby agree as follows:

1. TWA hereby subleases to Burlington and Burlington hereby hires and takes from TWA the building space and truck dock space (hereinafter called "the Premises") designated on Exhibit "A" attached hereto and made a part hereof to be used in the conduct of Burlington's air cargo transportation business. Burlington shall not be entitled to use or occupy any other portion of premises leased to TWA under the Main Lease. TWA's General Manager-Cargo Sales and Services at ORD shall, subject to the provisions of Section 1.02 of the Main Lease, designate the ingress/egress route that Burlington, its officers, employees, agents, customers, suppliers, contractors and invitees may use to move to and from the Premises. TWA may change said route upon 15 days' notice in advance to Burlington's local manager on the Premises; it is agreed, however, that TWA shall not select an ingress/egress route that will impose undue restraints on Burlington's normal operations, the intent being that TWA shall have the right to insure that Burlington's operations will not interfere with TWA's normal operations.

2. TWA agrees to designate an area in its automobile parking space for use by Burlington officers and employees at their own risk. The area shall be sufficient in size to accommodate up to 10 automobiles.

3. The term of this Sublease Agreement shall, subject to approval of the Sublease Agreement by the City of Chicago, commence on October 1, 1973 and shall, unless sooner terminated as provided for elsewhere in this Sublease Agreement, continue until September 30, 1974 and thereafter from month to month until cancelled by TWA or Burlington on 60 days advance written notice. In the event the Main Lease is terminated, this Sublease Agreement shall automatically terminate concurrently therewith.

4. As rental for the Premises, Burlington agrees to pay TWA Three Thousand Eight Hundred Eighteen Dollars and Eighty-three Cents ($3,818.83) each month in advance during the term hereof, without the need for an invoice from TWA, if TWA chooses not to send one. In addition Burlington agrees to pay the sum of Seven Hundred Thirty-five Dollars and Eight Cents ($735.08) each month in advance, without demand therefor, to the City of Chicago, Attn. Department of Aviation. Any rental payable by Burlington hereunder which is not paid when due shall bear interest at the rate of 7% per annum from the due date thereof until paid; however, the inclusion in this Sublease Agreement of a requirement for payment of interest on unpaid rental shall not prohibit TWA from exercising any and all other remedies that are available in the event rental due from Burlington is not paid.

5. This Sublease Agreement is in all respects subject and subordinate to all of the terms and conditions of the Main Lease, and Burlington agrees to assume, observe, be bound by and comply with all the terms, provisions and conditions of the Main Lease (copy of which Burlington hereby acknowl-

edges receipt of) to the extent applicable to the Premises or the operations conducted therein. Wherever in the Main Lease the consent or approval of the City of Chicago or its Commissioner of Aviation is required, the consent or approval of both the City of Chicago or its Commissioner of Aviation and TWA shall be required under this Sublease Agreement. (It is agreed herein that Article III of the Main Lease shall not apply, in whole or in part.)

6. Burlington agrees that, except as provided by the next sentence, it shall at its expense provide or arrange for (a) all utilities required by it at the Premises and (b) janitorial and maintenance services for the Premises, the level and extent of such janitorial and maintenance services to be in accordance with a minimum standard fixed by TWA's General Manager-Cargo Sales and Services at ORD. TWA, at its expense, agrees to provide (a) heat (for interior building space) and electricity from the heating and electrical systems presently existing in the premises, to the extent of their capability and (b) structural maintenance required, if any, as a result of defects in design or materials used in construction or their assembly by TWA's contractors.

7. Burlington agrees to maintain and to keep the interior of the Premises in good repair.

8. Burlington shall, at its expense, make certain modifications in the Premises. The modifications shall be approved in writing first, however, by TWA's Manager—Cargo Sales and Services at ORD and by the City of Chicago (through, or as directed by, its Commissioner of Aviation). Burlington agrees that upon expiration or termination of this Sublease Agreement Burlington shall, at its expense, restore the Premises to the condition in which received by Burlington, reasonable wear and tear and loss by fire excepted, unless TWA shall agree in writing to waive restoration in whole or in part. Burlington agrees, at its expense to provide and submit promptly all plans and specifications for intended installations, modifications, signs, etc., to or on the Premises to TWA's General Manager—Cargo Sales and Services at ORD for approval, and also obtain approval of the City of Chicago (through, or as directed by its Commissioner of Aviation) for such plans and specifications prior to installation. modification, etc. Burlington shall, at its expense, comply with any applicable building code or regulation in connection with such work, and shall insure that no liens are placed on the Premises, or one the premises leased to TWA under the Main Lease, by reason of Burlington's use or occupancy of the Premises or its installations or modifications therein. Burlington agrees that all approved installations, etc., required in order to make the Premises useable for its operations shall be arranged for and contracted for by Burlington at Burlington's expense.

9. Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Commissioner of Aviation and the City Comptroller, subject to the approval of the Corporation Counsel as to form and legality, are authorized to execute a Consent to the attached sublease agreement between Northwest Airlines, Inc., and REA Express, Inc., for the sublease of certain premises at Chicago Midway Airport.

This Sublease made as of June 28, 1973, by and between Northwest Airlines, Inc. (hereinafter referred to as "Northwest") and REA Express, Inc. (hereinafter referred to as "REA"),

WITNESSETH:

Whereas, under date of May 14, 1969, the City of Chicago (hereinafter referred to as the "City") entered into an Agreement (hereinafter referred to as the "Agreement") with Northwest for the lease from the City to Northwest of certain premises at Chicago Midway Airport, and more specifically described therein; and

Whereas, Northwest and REA now desire to enter into a sublease of portion of said premises;

Now, Therefore, in consideration of the premises and mutual covenants and agreements herein contained, the parties hereto mutually agree as follows:

1. Subject to obtaining approval of this Sublease from the City Council of the City of Chicago, Northwest hereby leases to REA certain space as shown on the attached exhibit for use and occupancy by REA, solely for air express offices and purposes incidental thereto; and in addition to the aforesaid space, REA is hereby granted the right to use jointly with Northwest the restrooms near the leased premises.

2. The term of this Sublease, unless sooner terminated as herein provided, shall be for a period commencing on September 1, 1972, and terminating on August 31, 1974.

3. As rental for said space and uses, REA agrees to pay Northwest during the term hereof the sum of $179.69, monthly in advance, this rental including normal lighting, heating and water.

4. This Sublease shall be subject to, and said use and occupancy shall be in compliance with, all covenants, conditions and obligations imposed by the Agreement aforementioned, as heretofore or hereafter amended, and all rules and regulations promulgated pursuant thereto.

5. REA hereby agrees to indemnify and hold the City and Northwest harmless from and against any and all liabilities, judgments, costs, damages and expenses which may accrue against, be charged to, or recovered from the City or Northwest by reason or on account of damage to the property of the City or Northwest, or the property of, injury to, or death of any person arising from REA's use and occupancy of said space including acts of its agents, contractors and subcontractors except when caused by the sole negligence of Northwest, its agents, contractors and subcontractors. REA further agrees to furnish the City and Northwest with evidence of insurance of the type and in the amounts as may be requested by the City and Northwest.

6. REA shall procure (and maintain in effect throughout the term of lease) in any reasonable limits of coverage that may be requested by Northwest or the City, Comprehensive Public Liability Insurance and, upon notice from Northwest or the City, any other type of insurance that may from time to time be reasonable and usual as related to the use and occupancy of the leased premises, which policies shall be with an insurer or insurers satisfactory to Northwest and the City, and naming, where appropriate, Northwest as an additional assured thereunder. All such insurance policies shall be endorsed to waive its insurance company's rights of subrogation. Said policies shall also contain provisions requiring insurers to give Northwest ten (10) days' written notice prior to cancellation thereof or prior to any material change. Certificates evidencing Issuance of said policies and the inclusion of the waiver of subrogation therein shall be furnished to Northwest prior to assuming possession of premises and renewal certificates shall be furnished at least fifteen (15) days prior to expiration date of policy being renewed.

7. Northwest reserves to itself and the City the right to enter the premises, temporarily discontinue utilities or services, and temporarily interrupt or interfere with access to the premises for the purpose of inspection, remedying any defaults, or for the purpose of making repairs, replacements, alterations or improvements in or about the premises or any other areas on the Airport, when desirable in the opinion of Northwest or the City. Neither the City nor Northwest shall in anyway be liable for any interruptions or interferences as aforesaid. Northwest also reserves the right to itself and City to retain, install and maintain lines, wires, piping, valves, meters, ducts and antenna, as may be necessary or desirable to Northwest and/or the City.

8. REA shall keep and maintain the exclusively leased space in good condition and repair, and, unless otherwise agreed upon, shall obtain at its sole cost and expense usual janitorial services to maintain said space in a clean, neat, orderly and presentable condition.

14. REA shall not erect or display any signs in or about the premises without the prior approval of Northwest and the City of Chicago and said approval of Northwest, when obtained, shall create only a license revocable at will of Northwest. REA agrees not to display or use in identification or advertising the words "Northwest Airlines" or other words that could imply a business association with Northwest.

Acceptance of Agreement Authorized with Signode Corp. for Reconstruction of Railroad Underpasses at N. Western Av. and Logan Blvd.

The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Acting Commissioner of Public Works be and he is hereby authorized and directed to execute, the Chief Engineer to approve, and the Acting City Comptroller to accept, upon the approval of the Corporation Counsel as to form and legality, a certain Agreement between the Signode Corporation and the City of Chicago, relating to the re-construction of an existing railroad underpass at N. Western Avenue and Logan Boulevard, approaches and appurtenances thereto, and private property adjoining same.

Said Agreement being in form and substance as follows:

This Agreement, made and entered into this..... day of ....., 1973, by and between Signode Corporation, a Delaware corporation authorized to do business in the State of Illinois (hereinafter called "Owner"), and the City of Chicago, a municipal corporation of the State of Illinois (hereinafter called "City"),

WITNESSETH:

Whereas, there now exists a railroad underpass at the intersection of North Western Avenue and Logan Boulevard in the City of Chicago and City desires to replace the existing underpass with a new structure of modern design and construction to accommodate the present demands of vehicular traffic; and

Whereas, the plans for a new underpass will involve substantial heavy construction work over a lengthy period of time near Owner's premises and an increase in the grade of the service tracks adjacent thereto to approximately 4.1% resulting in the loss of usefulness of one or more doors in Owner's warehouse and Owner will further be deprived of the use of said service tracks by their removal during a portion of the period of construction which will substantially increase cost of delivery of materials to its plant; and

Whereas, the property referred to above is owned by Owner and is described as:

Block 31 in Albert Crosby and Others Subdivision of the East ½ of the Southeast ¼ of Section 25, Township 40 north, Range 13 East of the Third Principal Meridian in Cook County, Illinois.

Now, Therefore, it is agreed as follows:

1. City agrees that the new viaduct and approaches, including abutments and pilings, will be constructed outside of Owner's property lines, except that part of the new abutment which replaces the existing abutment wing wall located on the Owner's property as shown on City Drawings Nos. 34106 and 34107 also identified as Exhibits "A" and "B" respectively, attached hereto and made part hereof.

2. In recognition of the fact that Owner will sustain substantial losses during the period the service tracks are out of service, City agrees that once said tracks are removed or become inoperable it will proceed diligently and do all things reasonably necessary or appropriate to reduce the period to a minimum when said tracks are out of service, including, but not limited to, installation of temporary tracks when feasible and as promptly as is reasonably practical permanently replace said tracks so they are again usable.

3. There is at present a crane structure straddling the service tracks. City agrees to remove that entire structure and dispose of same at no cost to Owner, repairing any damage to Owner's building resulting from said removal.

4. Adjacent to the present service tracks is an observation and work platform used in Owner's test track operation and the proposed changes will require removal and/or alteration of that platform. City agrees, at no cost to Owner, to reconstruct that platform and to replace the service tracks adjacent thereto.

5. City agrees that it shall be responsible for and will promptly pay Owner for any damage to Owner's property, real or personal, resulting directly or indirectly from work in connection with the construction of said viaduct, approaches, service tracks or appurtenances involved in the project, including, but not limited to, damage resulting from vibrations, it being understood that to protect itself on this commitment City proposes that contracts awarded by City will require adequate liability insurance. City further agrees to indemnify and hold Owner harmless against any claim or suit alleging personal injury growing out of performance of work on Owner's premises or in the service track area adjacent thereto.

6. Preliminary plans indicate that the construction of the viaduct will create a void along the service tracks adjacent to Owner's premises approximately ten feet deep which will constitute a hazard. City agrees to cover said void with a steel grating and to do such other things as will eliminate such hazard or reduce it to a minimum.

7. All work to be performed by City so far as the same affects Owner's property or the use thereof will be done in a good and workmanlike manner with due regard for the safety of Owner's property and its employees and substantially in conformance with drawings submitted to Owner and numbered 34106 and 34107. City agrees that to the extent reasonably possible such work will be coordinated with Owner's operations.

8. Owner agrees that to the extent necessary to perform work affecting its property, City, its contractors, agents and employees, may enter upon Owner's property at times and in such manner as will not unduly disrupt Owner's operations. Owner agrees to release City from liability related to the change of grade of the service track providing City performs its obligations as herein recited.

9. This Agreement is subject to approval by the Illinois Commerce Commission.

In Witness Whereof, the parties have caused this Agreement to be executed by their duly authorized officers the day and year first above written.

[Signature forms and Exhibits omitted]

The City's submittal shall conform with the requirements of Policy and Procedure Memorandum 30-4 and 30-4.1, and shall be transmitted as well in advance of any proposed State contract award to avoid or minimize delay.

Section 2. City will have its forces make necessary relocations and/or adjustments in its electrical wiring and communications utilities for the project involved, in accordance with its State-approved plans, but will not start on any project without written notice from State that City is authorized to proceed with such work for that project, and City shall notify State at least 48 hours prior to City forces beginning work. City shall assume full responsibility for the correctness of its work including lines and grades, unless otherwise stated in the project construction contract.

Section 3. State will designate an engineer to oversee City's utility relocation, adjustments, removals and alterations and to provide City personnel with information regarding the project or projects on which City work is to be performed; City's engineers and foreman on the project shall be responsible to State's engineer and shall submit written documentation to him on the work performed, the manner of performance and rate of progress. Such documentation shall include daily reports, for State's engineer's verification and approval, showing complete personnel classification and the number of personnel in each classification, amounts of materials (quantities of units as set forth in City's estimate) used, types and numbers of equipment items employed and, if necessary to substantiate time-rate charges, the time intervals the equipment items are used. State's engineer shall be furnished a copy of such daily reports. Such reports shall be available to State and the FHWA at any time during project construction and as set forth in Section 4. All such documentation shall carry the State Section Number and, if Federal-Aid, the Federal-Aid Project Number. All material salvaged shall be itemized by City, verified and inspected by representatives of all participating agencies. Prior notification shall be given to State in writing as to the time and location of said salvage inspection. State shall retain one (1) copy of City salvage report to expedite audit and payment of final bill.

Section 4. City shall bill State for all work for any project which City anticipates is reimbursable according to the terms of this agreement as augmented hereinbefore by documents made part of it by reference. City's bills shall be properly identified as to State Section Nurber and if applicable, the Federal-Aid Project Number, and shall be submitted in sets of twelve (12) copies for Federal-Aid projects and ten (10) copies otherwise.

For any project where the estimated cost of reimbursable work by City's Department of Streets and Sanitation, Bureau of Electric Wiring and Communications, is $25,000.00 or less, that Department, within 90 days after completion of its work will submit a final detailed itemized statement showing all reimbursable actual cost and expense. After State has checked that Department's statement and has ascertained that it is correct, conforms to the Department's cost estimate for reimbursable work and to other requirements of PPM 30-4, and is otherwise proper, State will reimburse City for ninety-five (95) percent of the amount thus billed. After State has audited City's project cost records for the Department involved, State will reimburse City for the remaining amount billed by that Department less any item excepted in audit for reimbursement.

For any project where the reimbursable work of a City Department is estimated to exceed $25,000.00, that Department may submit partial bills, conforming to PPM 30-4 requirements, not more often than one bill per month, and such partial billing shall show appropriate credit for estimated materials salvaged during the billing period. A City partial bill for the project shall be paid by State after it has checked the bill, has ascertained that it conforms to the corresponding estimate and is otherwise proper. In such cases, after City has completed its work for a particular project, its Department will submit a statement of complete and final billing showing therein a listing of, and credit for, all partial payments previously made. After approving this bill, State will pay City any amount necessary to make the total amount paid to City ninety-five (95) percent of the total billing, with the remaining amount to be paid to City after receipt of a final Departmental City bill and audit of all project cost records and less any item excepted in audit for reimbursement.

All cost records of the City pertaining to any project will be subject to inspection at any time by State and/or FHWA representatives during City working hours, and shall be retained for a minimum of three (3) years following the date of final reimbursing payment.

Section 5. In the event City incurs additional costs in the authorized work due to any extra work or material which may be required, then, prior to proceeding therewith, City will request State in writing to approve such extra work for payment, setting forth detailed justification therefor. In event of emergency, in which the work delay incurred by waiting for written approval before beginning work would be detrimental to State's interests, City may request State to give verbal approval contingent upon written approval, and, upon such verbal approval, may proceed with such work.

Section 6. Any work of altering and maintaining the utilities covered by this agreement, at any time after they have been adjusted by City as herein provided, shall be done by City at its sole expense. Such work shall be interpreted to include all repairs and revisions necessary to maintain the utility so that it will not in any way interfere with or endanger the public in its use of any highway constructed by State and/or maintained by State, but excluding adjustments or relocations necessitated by highway changes or other construction initiated by State. City shall not maintain any facilities from the through traffic lanes, or shoulders of controlled access Expressways or from the ramp pavements or shoulders of interchanges therewith. Emergency maintenance may be performed but only under advice and direction of the State's Regional Transportation Engineer.

Section 7. This agreement shall bind the parties and inure to their benefit only after approval by the FHWA.

The failure, neglect or refusal on the part of the Village to make promptly and properly such changes in its piping, to maintain tightness or to eliminate undesirable connections upon notice in writing so to do from said Commissioner of Water and Sewers, shall furnish sufficient grounds for the City to shut off the water and discontinue the service hereunder until changes and corrections in said piping or connections required by the City are made by the Village.

(16) The Village agrees to prevent excessive use and waste of water.

(17) The Village agrees to appropriate annually sufficient money or so much thereof, as may be necessary, to provide sufficient funds for the water furnished by the City hereunder. The Village further agrees that it will at all times charge its water consumers sufficient rates in order to provide adequate funds for the payment of water furnished it by the City.

(18) It is further agreed that the City may either in law or equity, by suit, mandamus or other proceedings, enforce or compel performance of any and all covenants herein contained.

All proposed water works improvements, which must be approved by the Commissioner of Water and Sewers of the City, shall be disinfected in accordance with the requirements of the Department of Water and Sewers of the City; said water works improvements shall not be placed into service until approved as to sanitary quality.

(20) The City may adopt any protective or health measures it deems advisable or desirable for the benefit of its water consumers, such as the fluoridation of its water, in any manner that the Commissioner of Water and Sewers of the City shall see fit.

(21) The Village agrees to notify the Commissioner of Water and Sewers of the City as promptly as possible of all emergency and other conditions which may directly or indirectly affect the quality of the water received hereunder and the City's water supply and further agrees that the duly authorized engineers and inspectors of the City shall be allowed to make inspections and required tests of the quality of the water supply as received hereunder, as well as the quality of the water within the Village distribution system.

(22) The Village agrees not to resell or permit any water furnished hereunder to be used to supply any other municipality or any consumer of water located or residing outside the corporate limits of the Village, except as provided for herein, unless it is specifically authorized so to do by the City Council of the City.

(23) The Village agrees to use City water exclusively during the period of this contract.

(24) The Village further agrees not to sell, lease or give any interest in or right or privilege to utilize its water supply main or mains to any other municipality or any consumer of water whose premises are located outside the corporate limits of the Village, and further agrees not to permit any connection to be made to its water supply main or mains, except to supply consumers within the corporate limits of the Village, without first securing the consent in writing of the City Council of the City so to do.

(25) At the end of each calendar year during the term of this contract and not later than March 31st of each year, the Village agrees to submit to the Commissioner of Water and Sewers of the City a report in writing showing in cubic feet or gallons the amount of water furnished the Village and the amount in quantity and charges billed by it to consumers during the preceding year and to furnish such other information regarding billing, collections and delinquencies as may be requested from time to time by said Commissioner of Water and Sewers.

(27) To secure prompt payment of the water bills, the City shall have the right at any time to require the Village to pay in advance a sum of money estimated by the Commissioner of Water and Sewers of the City to be equal to the cost of water required by the Village, for a period of ninety (90) days at the then prevailing metered rate, which said advance payment the Village hereby agrees to make upon demand.

(28) The City shall not be responsible in damages for any failure to supply water or for interruption of the water furnished hereunder. (29) The City reserves the right to its Commissioner of Water and Sewers to decide all questions arising as to the proper performance of this contract.

(30) In furtherance and not in limitation of this contract, it is mutually agreed that all rights of the City and the Village under the water supply contract No. 23186 dated April 2, 1962 by and between the City of Chicago and the Village of Evergreen Park and all rights of either party arising from the delivery of water prior to the date of the execution of this agreement are extinguished, except for the express reservation of the right of the City to obtain for or to enforce collection of any unpaid water charges accruing prior to the date of execution of this agreement.

(31) If the Village shall refuse, neglect or fail to pay promptly the water bills rendered for the water supplied it hereunder within the time or times prescribed by the Ordinance of the City, or if the Village shall fail to comply with or perform any of the conditions or obligations on their part to be complied with or to be performed hereunder, and if after such failure the City shall deliver at the Village Hall of the Village addressed to the President and Board of Trustees of the Village a notice in writing of its intention to shut off the supply of water on account of such failure, refusal or neglect, then the City shall have the right to shut off the supply at the expiration of five (5) days after the giving of such notice, and to terminate this contract unless within such five (5) days the Village shall make good such failure. The shutting off of the supply of water for any such cause shall not release the Village from its obligation to make payments of any amount or amounts due or to become due in accordance with the terms hereof.

(32) No assignment or transfer of this agreement shall be made by the Village.

(33) No officer, official or agent of the City has the power to amend, modify or alter this agreement or waive any of its conditions or to bind the City by making any promise or representation not contained herein.

Landing fees shall be assessed for sight-seeing flights for the first landing only on each day of operation and shall be remitted to the City Comptroller along with the report referred to under Section 6., b. below. All landing fees shall be paid on or before the 15th day of the month following for all landings made during the preceding month, or portion thereof.

d. Tenant shall pay the current landing fees in effect at Merrill C. Meigs Field, or at Chicago-O'Hare International Airport, or Chicago Midway Airport whenever it is necessary for Tenant's aircraft to be diverted to either of the latter.

e. Said payment is to be computed on landing fees, but not parking fees, then in effect as outlined in Chapter 37 of the Municipal Code of the City of Chicago.

f. Landing fees shall not be assessed for any landing of a ferry flight between Chicago Midway Airport and Merrill C. Meigs Field, or for any landing of an aircraft returning to the airport from which it took off because of meteorological conditions, mechanical or operating causes, or any similar emergency or precautionary reason.

g. Since Chicago-O'Hare International Airport landing fee is subject to change every calendar half-year, Commissioner shall advise Tenant of the specific fee to be in effect at Chicago-O'Hare International Airport for each such period, at least fifteen (15) days in advance of such period. If any rental hereunder commences after the first day or terminates prior to the last day of any month, such rental for such months shall be determined on a pro-rata basis according to the number of days of such month involved.

6. *Records*

a. Tenant agrees that it shall keep and maintain, in form as approved by the Comptroller, records of all landings at Merrill C. Meigs Field, Chicago Midway and Chicago-O'Hare International Airport, made in connection with air taxi and commercial operations.

b. Tenant further agrees:

1) that it shall keep and maintain separate records (in like form) of all landings at Merrill C. Meigs Field, made in connection with its sight-seeing operation.

2) that it shall send copies of both landing reports to the Comptroller (Room 501, City Hall, Chicago, Illinois, 60602), and the Commissioner, on or before the 15th day of the month following.

3) that it shall record all fees and charges connected with its sight-seeing flights in accordance with accounting practices as may be directed with respect thereto by the Comptroller, which records shall be preserved by the Tenant and made available to Landlord upon demand. Tenant agrees to deliver to Landlord a statement of each month's gross fees and charges, showing Gross Receipts derived therefrom on or before the Fifteenth (15th) day of the following month, and within Thirty (30) days after the end of each lease year, or fractional part of a lease year ending in termination, a statement, satisfactory to Landlord, of the Gross Receipts, made during the preceding year. The original of each such statement submitted to Landlord shall be delivered to the Comptroller and a copy to the Commissioner.

c. The yearly statement shall be certified by a Certified Public Accountant if required by the Comptroller. In the event Landlord is not satisfied with any such audit or annual statement and gives Tenant written notice to that effect within sixty (60) days after Landlord's receipt thereof, then Landlord shall have the right, within sixty (60) days thereafter, at Tenant's expense, to cause any reputable audit company, satisfactory to Landlord and Tenant, to reaudit the Gross Receipts made during the period covered by such audit and to recalculate said rentals payable for such period, and such reaudit and/or recalculation shall be accepted by both parties to this Agreement as final.

d. Landlord shall at all reasonable times have the right to examine the records and books of account of Tenant, and to make copies and excerpts therefrom.

e. The term "Gross Receipts", as used herein, shall be construed to mean, for all purposes hereof, the aggregate amount of all fees, charges and services performed for cash, or credit, or otherwise, of every kind, name and nature, regardless of when or whether or not paid, excepting from the determination of said amount, any and all taxes or fees collected by Tenant on behalf of any governmental body or taxing agency or the City of Chicago.

f. "Lease Year", as used herein shall mean a full year. The first lease year shall commence on the first day of the term hereof. Each succeeding and consecutive lease year shall begin on the anniversary of said day.

7. *Performance Bond*

At the time of the execution hereof, Tenant shall execute and deliver to the Comptroller a Performance Bond in the amount of Six Hundred and no/100 Dollars ($600.00) in form and type as to be determined solely by the Comptroller, which bond shall guarantee faithful performance of the provisions of the contract.

8. *Operation*

a. It is understood and agreed that Tenant shall not, without prior approval of Landlord, operate a scheduled air transportation business from either Chicago-O'Hare International Airport or Chicago Midway Airport.

b. It is further understood that it is not the intent of Landlord to make available any area at Merrill C. Meigs Field to any agency for installa-

tion of electronic navigational facilities intended for use in routine Instrumental Flight Rule (IFR) operations, it being the primary function of said airport to provide for Visual Flight Rule (VFR) operations.

c. It is understood and agreed that all sight-seeing flights will start and end at Merrill C. Meigs Field and remain within a 25 mile radius of Meigs Field. All flights will be operated within Federal Aviation Administration regulations and Meigs Field traffic pattern and control regulations. It is further understood that flights will not be operated in conflict with airways or approach corridors to either Chicago-O'Hare International Airport or Chicago Midway Airport.

d. The designation of a specific area for the parking of aircraft used by Tenant shall be at the discretion of the Airport Manager at Merrill C. Meigs Field.

COMMITTEE ON FEDERAL AND STATE LEGISLATION.

U. S. Department of Justice Urged to Launch Investigation of Energy Crisis.

The Committee on Federal and State Legislation submitted the following report:

CHICAGO, March 20, 1974.

To the President and Members of the City Council:

Your Committee on Federal and State Legislation, having under consideration a resolution calling upon the Attorney General of the United States to investigate the causes of the gasoline shortage, begs leave to recommend that Your Honorable Body approve the following resolution, *as amended,* and attached hereto, and respectfully urges the Attorney General to immediately begin such an investigation:

A Resolution urging the United States Department of Justice to launch an immediate investigation into the activities and practices of the oil companies in order to determine whether any anti-trust laws have been violated and whether the oil companies have engaged in any conspiracy to regulate production and distribution.

This recommendation was concurred in by all members of the committee, with no dissenting vote.

Respectfully submitted,
(Signed) FRED B. ROTI,
Chairman.

On motion of Alderman Roti the committee's recommendation was *Concurred In* and said proposed resolution was *Adopted,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Evans, Despres, Sawyer, Cousins, Vrdolyak, Bilandic, Kwak, Madrzyk, Burke, Lawlor, Shannon, Hines, Fitzpatrick, Kelley, Stewart, Stemberk, Rhodes, Marzullo, Zydlo, Ray, Washington, Cross, Keane, Sande, Laskowski, Aiello, Cullerton, Laurino, Pucinski, Natarus, Simpson, Fifielski, Cohen, Hoellen, Hedlund, Wigoda, Stone—40.

Nays—None.

The following is said resolution as adopted:

WHEREAS, In the short span of one year according to the President of the United States, the Nation has moved from an "energy challenge" to an "energy crisis" to an "energy problem;" and

WHEREAS, It is projected by the Federal Energy Administrator that the country will fall short of its oil needs by some 2.7 million barrels a day; and

WHEREAS, This situation cannot be blamed entirely on the Arab oil boycott since, according to the Federal Energy Administrator, America is over 85% self-sufficient in oil production; and

WHEREAS, In the decade of the 1960's, 30 oil refineries were built and 66 closed down, for a net loss of 36 refineries; and

WHEREAS, Oil companies are sharply cutting back on their announced expansion plans at the very time they are warning of further shortages; and

WHEREAS, The United States refineries operated between only 83% and 91% capacity before this situation; and

WHEREAS, The U.S. Senate Commerce Committee reports they have "uncovered strong evidence of mass withholding of winter fuels, diversions of supply from one area of the country to another and inexcusable failure to produce;" and

WHEREAS, The large oil conglomerates control the energy resources from the well to the consumer, they are in a position to and may have suppressed competition; and

WHEREAS, For fifty years, the oil industry has enjoyed a large tax depletion allowance in order to encourage productivity; and

WHEREAS, The major oil companies are receiving windfall profits at a time all Americans are being asked to sacrifice and indications are that the profits for the first quarter of this year will be even larger;

Now, Therefore Be It Resolved by the City Council of Chicago, That the Council urges the United States Department of Justice to launch an immediate investigation into the activities and practices of the oil companies in order to determine whether any anti-trust laws have been violated, whether the oil companies have engaged in any conspiracy to regulate production and distribution, whether the 11,000 independent gas station operators who have gone out of business have been the victims of any unlawful practice by the major oil companies and whether data being supplied to government agencies by the oil companies indicate the true dimension of American energy reserves and supplies;

And Be It Further Resolved, That copies of this resolution be forwarded to the Honorable William Saxbe, Attorney-General of the United States and to the members of Congress representing citizens of Chicago.

(5) have a tenant grouping that encourages the greatest merchandising interplay among the stores.

(6) have an atmosphere for shopping in comfort, convenience and safety; such as, an enclosed, heated and air-conditioned pedestrian mall, landscaping, quality in design, and control of sign type and placement.

(l) The impact on basic environmental resources of land, air and water, including the protection of animals, birds, fish and plants.

March 26, 1974 Declared Skylab Astronauts Day in Chicago.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, The primary purpose of the historic Skylab Program was earth-oriented; that is, its objective was to provide new knowledge about our planet, its inhabitants, and its energy source, the sun; and

WHEREAS, The Skylab mission began on May 14, 1973, with the launch from Kennedy Space Center in Florida of the nation's first space station, a three hundred million dollar, eighty-five ton, eight-room, unmanned, twelve-story laboratory, which was crippled during the blast-off; and

WHEREAS, Ten days later the Skylab I command module was launched with a crew consisting of Commander Charles "Pete" Conrad, Jr., Dr. Joseph P. Kerwin and Astronaut Paul J. Weitz who heroically succeeded in saving the crippled space station and then went on to complete twenty-eight days of orbiting in space; and

WHEREAS, They were followed, on July 28, 1973, by Skylab II with its crew of Commander Alan L. Bean, Dr. Owen Garriott and Astronaut Jack R. Lousma who spent a remarkably successful fifty-nine days in orbit, demonstrating man's capacity to work in space for prolonged periods; and

WHEREAS, These two pioneering missions prepared the way for Skylab III which, from its launch on November 16, 1973, to splashdown on February 8, 1974, spent eighty-four days, or almost a quarter of a year, in orbit, shattering all previous space-endurance records with its crew of Commander Gerald P. Carr, Dr. Edward G. Gibson and Astronaut William R. Pogue; and

WHEREAS, The nine dauntless crewmen of the three Skylab missions contributed immensely to medical science, astronautical studies, earth surveys and technological experiments, opening doors to new industries and scientific disciplines while proving conclusively that men can remain healthy during long periods of exposure to zero-gravity and can recover relatively quickly on returning to earth, thereby showing that prolonged weightlessness missions of many months duration can be achieved on some of the planets beyond the moon; and

WHEREAS, These nine brave Skylab astronauts, whom we honor, have achieved, with the support of thousands of their colleagues in NASA, the most productive series of manned flights ever launched into outer space, thereby greatly advancing United States leadership in manned space exploration; now, therefore,

Be It Resolved, That the Mayor and the City Council, in special meeting assembled this 26th day of March, 1974, do hereby declare Tuesday, March 26, 1974 to be a day of commemoration of the three Skylab flights to honor our courageous Astronauts Conrad, Kerwin, Weitz, Bean, Garriott, Lousma, Carr, Gibson and Pogue, and ask all citizens of Chicago and the people throughout the Chicago area to join in paying tribute to these heroic space pilots and scientists; and

Be It Further Resolved, That Tuesday, March 26, 1974 hereby is declared to be Skylab Astronauts Day in Chicago and that the flag of the United States be flown on all public buildings, at all places of business and from every home in the City of Chicago.

Alderman Keane moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Keane (seconded by Alderman Bilandic) the foregoing proposed resolution was *Adopted,* unanimously.

The Mayor said that it was indeed a proud day in Chicago to be able to welcome all the astronauts and their wives, stating that it was a "first" that all the skylab astronauts had chosen to visit Chicago, and that Chicago was the only city in the United States which was privileged to receive them. He expressed his admiration and gratitude for their tremendous scientific experiments achieved in outer space, and he praised them for the intelligence and integrity displayed which will serve as a model for all mankind. The Mayor thereupon conferred the honorary citizenship medals as a token of respect on Skylab Astronauts I:

Commander Charles "Pete" Conrad, Jr., Astronaut Joseph P. Kerwin and Astronaut Paul J. Weitz.

They expressed their thanks and stated that they were happy to be present.

The Mayor then presented the medals to Skylab Astronauts II:

Commander Alan L. Bean, Astronaut Owen K. Garriott and Astronaut Jack R. Lousma.

They too expressed their gratitude and declared that it was indeed a "treat" to be in Chicago.

The Mayor next called on the Skylab III members and presented medals to:

Commander Gerald P. Carr, Astronaut Edward G. Gibson and Astronaut William R. Pogue.

They also thanked everyone for a warm reception and expressed their pleasure at being present. They stated that they were proud to be part of the only country in the world that had the ability to put a space program into effect.

Introduction of Wives of Astronauts.

Honorable Richard J. Daley, then called upon the individual wives of each of the Astronauts, hailing them as having displayed great courage in their support of the tremendous jobs that their husbands were called upon to perform. All acknowledged their introductions graciously and were warmly received by the assembled guests.

Honorable Richard J. Daley, Mayor, concluded the ceremony by thanking all who had participated. He also extended his appreciation to the members of the West Point Glee Club, stating that it had been a pleasure to welcome them to Chicago.

The Glee Club thereupon rendered a stirring rendition of "America the Beautiful".

Alderman Keane thereupon moved that the City Council *Adjourn*. The motion *Prevailed*.
